

MORRISTOWN TO BATTLE K.H.S. CREW TOMORROW

Track Men Make First Trip April 21 To Meet T.M.I. Cadets In Dual Affair

SPIKED SHOE MEN TO GO TO T. M. I. FOR TRACK MEET

Bender Is Developing Formidable Aggregation to Meet Cadets On April 21.

DISCUS HURLER DISCOVERED.

Deaderick Sends Ole Greek Wheel for 108 Foot Trip.

Fifteen spiked shoe artists will journey to T. M. I. Saturday, April 21st, to represent our school under the lofty standards of the blue and white.

Coach Bender was not sure yesterday who he would take along, but it is certain that with the material the coach has we stand in pretty well for a healthy decision at the end. The meet is to be composed of standard events.

The coach says that his men are in good condition and he hopes to have a polished machine to pit their wits against the cadets.

A new scintillating light has been found in the realm of Field Events. Alf Deaderick came out several days ago, picked up a Grecian discus and calmly sent it on a journey into the ethereal regions for a 108 yard marker, slightly shattering the record hung up last year of about 89 yards. Deaderick is training hard and the coach expects him to be a point gainer for the locals whenever a few extra points are required.

"CLARENCE," DRAMATIC CLUB'S ANNUAL PRODUCTION, IS A BRILLIANT SUCCESS

Splendid Cast Handles Tarkington's Master Comedy Like Pro's; Club to Be Complimented On Excellent Showing; Play May Take Road Trip.

Close to one thousand people saw the Dramatic Club players stage Booth Tarkington's master comedy, "Clarence" last Friday night. In every way the play was a great success and the sponsors of it are highly pleased with the delegation which the city of Knoxville sent to see the play. Everything went off smoothly and not a single member of the cast failed in his or her part. The cast was particularly well chosen and we are now of the opinion that not a better combination could have been worked for this performance.

The house was comfortably filled before the performance began. Reserved seats were very popular, and eleven rows in the middle and eleven on each side were sold out for the additional price three days before the play was scheduled to come off.

Ed Whaley in the title role acted the part of a Wally Reid. He was said by experts to be one of the strongest members of the cast. He was well supported by the rest of the cast.

Ben Baylor as Bobby Wheeler, made a hit also. His acting when he was not talking was especially clever. Baylor is president of the Dramatic Club and the major part of the work of production has fallen on his shoulders and he mastered it admirably.

Emily Pace acted the part of ye typical flapper to a turn in the name of Miss Cora Wheeler; Cora and Bobby were very especially proficient in the use of the sharp end of the tongue.

BIBLE CLASS IS ORGANIZED

New Class Meets Every Wednesday Afternoon in Realm of Departed Detention Hall.

Bible classes are being held every Wednesday afternoon at 2:30 in the realm of the once live, now forgotten, Detention Hall. However, this does not signify that the meetings are dead, for one of the peppiest bunches in school is sponsoring the movement.

On March 28th, the charter members met and elected to the high and mighty office of chairman, Estelle Bingham. Etta Galbreath won the race for the secretaryship. All girls are cordially invited to join the club, whether or not they can attend regularly or not. We say this because we believe that if you come one time you will not want to miss a single meeting.

We are studying the Book of Acts now and if you bring a New Testament along with you, you will enjoy the meetings a great deal more. No questions are asked direct. Answer voluntarily—that's our platform.

Joining our happy throng is like enlisting in the rolls of the "Blue and White's" great circulation. END-eavor: It's never too late to begin.

Students of Mr. Smythe's and Mr. Crabtree's classes of late have manifested a great deal of interest in their young visitors, W. G. Smith, Jr., and Wendall, Raymond, and Glenn.

These lads are the children of the aforementioned instructors. They are certainly very bright lads and we appreciate their visits a great deal. We hope they will come again soon.

LOCAL SONGSTERS YODEL FOR BRAVES

"Happy Time Had by All Present," Say Glee Club Members.

KIWANIANS DISPLAY VOCAL ABILITY.

Glee Club Will Sing At Second Presbyterian Church Sunday Evening.

The "happies," or in moderate English, the High School Glee Club made a pilgrimage to the meeting place of the Kiwanis Braves last Thursday for their weekly confab—lunch.

The Club was excused during group, and the journey to the Business Men's Club began. After they had arrived at their designation, hostilities were immediately begun with a song by the Glee Club, the Braves retaliating with several more ditties. Everybody enjoyed being with everybody else, so everybody had a good time.

Another visit has been arranged by the manager, Mr. Parker, so the club will be present at the evening services of the Second Presbyterian Church next Sunday evening.

PARENT TEACHERS IN A REORGANIZATION MOVE

New Plan Divides Parents As to Their Children's Scholastic Classification.

The Parent-Teachers' Association of Knoxville High School is going to re-organize along new lines. The mothers will be divided into four groups, according to the way their children are classified—Freshmen, Sophomores, Juniors, Seniors.

There will still be regular officers, president, vice-president, second vice-president, secretary, and treasurer; also, the various committees. In addition to these officers, each of the four groups will have officers: chairman, vice-chairman, secretary, and treasurer, and its committees.

When the association meets there will be a general meeting, lasting thirty minutes; then the meeting will break up into the four groups.

Mrs. C. L. Parkinson, president of the K. H. S. Parent-Teachers' Association, and her co-workers, expect a great deal of good to be derived from this plan.

The interest of the students in the different years vary somewhat. By considering the case of each group separately, it is thought that more good will be accomplished.

Minnie Cate Morrell, reporter.

THANKS!

The Blue and White takes this opportunity for thanking the Knoxville Sentinel and the Journal and Tribune for the courtesy shown in allowing us to use the cuts for the pictures published in the last issue of the Blue and White. It was only through this courtesy that we were able to publish the pictures. They very graciously loaned us the requisites for publishing a newspaper picture, which we could not have made ourselves, and we earnestly thank them for the favor. If we, their humble neighbor, can ever assist them in any way, we hope that they will call on us.

HAMBLLEN COUNTY LADS TO OPPOSE K. H. S. DIAMOND TEAM TOMORROW

Bender Succeeds In Turning Out Highly Polished Crew of Pill Pastors; Locals Know Defeat from No Prep School Team As Yet; Many New Stars Developed.

The third scheduled game of baseball will be played tomorrow afternoon at the lot in Caswell park when Morristown High comes all the way from the sticks to see what a high school baseball team can really do in the way of defacing a score board. The game is scheduled to begin at three o'clock.

The baseball season has swung into full step and is striding along at the average rate of two games a week. With only a few letter men available when practice started, Coach Bender began work and now, after much hard work, he has built a strong playing machine.

With a good pitching staff, as well as a good array of fielders, the K. H. S. pill pasters, (I wish I could find a new word to call them) have sallied forth to four victories and one defeat, and the season is a baby yet. By the time the baseball season and the school year have hobbled out arm in arm and crutch linked with crutch, many more victories will have been added to the list and no defeats, we hope.

The results of the games played up to the present follow:

Young's High 2; K. H. S., 14.

Murphy College, 8; K. H. S., 4.

Mary. High, 5; K. H. S., 6.

Mary. High, 4; K. H. S., 13.

Sevierville, 3; K. H. S., 3.

The K. H. S. nueve (notice the different word for team) will play Morristown High School on Saturday, April 14, at Caswell Park.

A, B, AND E COMPANY MEN JOURNEY TO RIFLE RANGE FOR RECORD FIRING

Result of Firing On Second Saturday Proves Very Satisfactory to All Concerned; Discipline Above the Average; Major Estes Well Pleased With Work of Cadets.

Several weeks ago the announcement was made that Juniors and Seniors would start target practice on the range at Fountain City in a short time. Upper class men of B, C, and E Companies journeyed to this place last Saturday for record shots, having gone the previous Saturday for instruction and for the purpose of learning the gun.

Formation was at the Armory Saturday at 6:15 a. m. Special trollies were chartered to Fountain City and from the end of the line the soldiers hiked to the range.

The first Saturday passed uneventfully except for the cool breeze which came from the north and added greatly to the comfort, or was it discomfort, of the cadets. Neighboring fence posts saved the day.

The record practice was held on a glorious day. But little wind,

LOCAL CHAPTER NAT. HONOR SOCIETY ORGANIZES FOR YEAR

Tuesday afternoon, in Miss Broadly's room, the first meeting of the National Honor Society was held. The purpose of this meeting was to organize and elect officers.

This society is not a new organization in the school because it is taking place of the old Mynders Club, and will be known as a local chapter by that name. There is one difference in regard to membership; that is, that students eligible to join are not considered on the basis of scholarship only. The three main qualities are service, leadership, and character, though one must have a certain grade of scholarship. This rule will admit many who otherwise would not have been eligible. It is also fundamental that all members keep up to the standard or they will be dropped from the club.

All this was explained by Mr. Evans, who acted as chairman of the meeting. He presided until until the officers were elected. These officers are as follows:

President—Joe Pennybacker.

Vice President—Amelia Morrison.

Secretary—Margaret Hoskins.

Treasurer—James Hall.

It is a rule by the constitution of the chapter that two officers must be seniors and the other two juniors. The junior members will maintain their offices in the senior year if they are still eligible to be members of the club.

After the officers were elected, President Joe Pennybacker took charge of the meeting. And at his suggestion all further business was postponed until the next meeting, Wednesday afternoon.

PARENT TEACHERS BUY A PIANO FOR K. H. S.

Our chapter of the Parent-Teachers' Association has purchased a new Kurtzmann baby grand piano for use in our auditorium, for us. The instrument is to be delivered this morning.

Hereafter, artists who entertain us in the auditorium will have a real piano to play on.

The Association is to be praised for their liberality and good judgment in selecting a most appropriate gift for us, and we thank them from the very bottom of our hearts.

KNOXVILLE, TENN, FRIDAY, APRIL 13, 1923

## A GRADUATION SPEAKER

The Senior Class is to be complimented on their successful efforts to bring a good speaker to Knoxville for their commencement exercises. In class meeting last Monday, someone suggested Dr. Harry Clark, who made such a splendid talk to the Upper Classmen last week. This suggestion was met with the announcement that Dr. Clark already had over one hundred invitations to speak at commencement exercises during the latter part of May and the first week of June. However, the secretary was authorized to wire to Dr. Clark and extend our invitation to him.

The telegram came back yesterday that Dr. Clark would be able to accept our invitation.

We feel that this is not only luck but a signal honor for the whole school. If some noted speaker should crowd out one school to edge in an address to our graduating class, have we not a right to be just a little stuck up? This very thing has happened in the case of Dr. Clark.

We know what kind of a speaker Dr. Clark is: one of the best and most interesting in the whole country. His thoughts are always driven home by his eloquent language and by his direct examples which are so well presented.

We cannot help but feel that the Seniors are to be congratulated.

## THE ANNUAL FIELD MEET

This afternoon school will be dismissed at one o'clock for the annual R. O. T. C. field meet which will be held at Caswell Park.

We want to thank the authorities for giving us this half holiday and we will use it to the best of our enjoyment.

Every student in Knoxville High School ought to go out to Caswell this afternoon and support his or her favorite in the track and field events which are to come off on schedule time. Every cadet ought to go out and root for his company. Every girl in Knoxville High ought to go out and yell for her "favorite."

We should be greatly interested in this event which has become a regular institution of our school. The boys are interested and the girls' duty now lies in their going out and supporting the boys.

It's gotten so that now when a new addition is made to the faculty you can't tell for several days whether his name is Jones or Smith.

## Timely Topics

By J. L. M.

"Yes. The halls are crowded; the halls are crowded. Oh! No. There's no doubt about that; the halls are crowded. Now, do you know why the halls are crowded? You're right; because there are too many people in them. Now, let's discuss remedies. Let's change either the halls or the people in the halls and make conditions better and corns more bearable.

"I have an idea which will change matters entirely; move the halls away and then there won't be any halls to be crowded. No halls; no crowds; it's very simple. The plan works on the same principle as the plan, discovered by a very great physicist, for going upstairs easily. That is, build the bannisters opposite the ordinary way; build them to go down opposite the way the stairs go up. Then slide down the bannisters to go up the stairs. Remove the halls and have no crowded halls. They work the same way; both very simple.

"Oh! You say where will the people go who were in the halls before the halls were removed? That's simple too. Give everybody in the building a pair of balloon shoes (Pat. App. For). They can step out the window of the room where they happen to be and walk

through the air to the window of the room to which they are going. In the great open outdoors there is no crowding, as the poets say. Balloon shoes (Pat. App. For), would be needed only by people in rooms other than the basement. And think, too, of the beautiful spectacle a bunch of aerial pedestrians would make as they toddle through the glorious gobs of ozone, wearing their many colored balloon shoes (Pat. App. For).

## CALENDAR OF THE WEEK

Saturday, April 14:—  
3:00 P. M.—Baseball game at Caswell Park, K. H. S. vs. Morristown High School.

Monday, April 16:—  
1:45 P. M.—First games of girls' tennis tournament  
2:30 P. M.—Meeting of Girl Reserves in Miss Broady's room.

Tuesday, April 17:—  
2:30 P. M.—Meeting of the Latin Club in the small Assembly Hall.

Wednesday, April 18:—  
2:30 P. M.—Meeting of the girls' Bible Class in the small Assembly Hall.  
2:30 P. M.—Meeting of the National Honor Society in Miss Broady's room.

## "BLUE AND WHITE" TO BE FOUND ON THREE OF FOUR CORNERS OF GLOBE

Local Publication on Receives World-Wide Praise from Subscribers in Many Foreign Countries; Copies Sent to Hawaii, Panama, and Philippines.

The "Blue and White" is now being read in three of the four corners of the world and the only reason that it isn't read in the fourth is that the people there don't know about it.

The circulation department of the "Blue and White" sends copies to twenty states of the Union, as well as to three foreign countries. The twenty states are covered each week extend from Canada to the Gulf of Mexico and from the Atlantic to the Pacific Ocean. The three foreign included in our circulation list are Panama, France, and Canada. In fifteen of the states and in Panama, there are regular subscribers in the schools with which exchanges are made.

From each distant subscriber to whom the "Blue and White" is sent, comes a continual flow of praise for it. On the other hand, a howl is raised when someone fails to receive his copy. Everybody likes it. Here is a sample comment of the first nature:

"Bill dear:  
"I received the 'Blue and White' and want to say right now that I think it is a mighty fine paper. It's so good that I am tempted to say that it is better than our 'Mirror,'—have you ever seen it? If you haven't, I'll send one and let you see if I'm not saying just lots for the 'Blue and White', when I say that it's as good if not gooder, than the 'Mirror.'"

The "Mirror" is the publication of Martha Washington College, Abingdon, Va.

Here is a sample of the other type:

April 5, 1923.  
"Dear Mr. Hackney:  
"What is the matter with the 'Blue and White' this week. I did not get my copy and I sure do miss it. It was an awful disappointment when I came home from school Monday and found out it had not come, and here it is Thursday and it isn't here yet. What is wrong with your mailing department?"

"It's a shame K. H. S. didn't get the championship, but it was great that they beat 'Morgan.' Our team won the City Championship, but when the finals were played Muskegon beat us 26-34.

"We have military training up here, but I'm sure glad that it's not compulsory or I would go to some other school. Those years drill is "beaucoup" for me.

"I'm at a loss at what to say because I don't know anything to discuss, my 'Blue and White' not having come. Would you send me a copy of last Friday's issue?"

"I think that new article, 'The Anvil Chorus' is very good. There are several students that are a nuisance to the school and a hint would make them change their ways.

"I still say that the 'Blue and White' is getting better and better every day, and that I would not take one of them for a whole flock of 'Colts,' although the 'Colt' is a very good paper.

"Well, I will ease away and romp

## Introducing

John Nelson Hendrickson.

Who are you?  
John Nelson Hendrickson  
When and where were you born?

Williams, Indiana, July 4, 1879.

Where were you educated?

Public schools of Indiana, Southern Indiana Normal College, Central Indiana Normal College, Indiana University, Commercial Correspondence School, Rochester, New York, La Salle Extension University, University of Tennessee.

What is your hobby?  
Boys and girls.

What is your favorite book?

Besides the Bible, Scott's "Ivanhoe."

What do you consider the greatest need of Knoxville High School?

More room, more teachers, and more and better school spirit.

If you had twelve words to advise a High School Freshman, what would you say?

Set high ideals and strive nobly to attain those ideals.

on your favorite subject, the study of the hour (not by the hour tho) English.

"I don't like this English teacher as well as I like the way you teach it. Mine is an old maid,—you are happily married.

"Write me soon.  
"Your friend,

Richard King."

Here is another sample which you might be interested in.

Waterbury, Conn.,  
March 17, 1923.

"Dear Ralph:  
"I certainly enjoyed reading the copies of the "Blue and White" that I have received. It is an

article of the high class at the "Blue and White" is putting forth. I am very much interested in its publication and I would like to be one of its subscribers. I believe that the "Blue and White" surpasses by far any other high school weekly that has come to my notice.

"I see where a local chapter of the National Honor Society has been formed in Knoxville High School and I want to congratulate you on your being eligible for membership. It is another honor for any student to be invited to join this nation-wide society. Every member is to be congratulated very heartily on his or her membership.

"More praise and thanks to the 'Blue and White.'

"Your sister,  
Mrs. James Leonard."  
K

## DR. CLARK ACCEPTS SENIOR INVITATION

Official information has just been received that Dr. Harry Clark of Nashville, will be present to speak at the commencement exercises to be held May 28th. This announcement has been received with a great deal of enthusiasm by the Seniors for they have tried very hard to get Dr. Clark to accept their invitation.

## Merely Personal

By LELIA BOYD

Miss Jane Franklin Lutz was a welcomed guest at home for the Easter holidays, granted by Stuart Hall, Stanton, Va., where she has attended school for the last year.

Miss Laura Keener spent the Easter holidays with her family, and has recently returned to Due West Woman's College to resume her studies.

Mr. Bob Bruner has been a frequent visitor at K. H. S. since his return from Emory University, Emory, Ga., where he is a pre-doctor. Mr. Bruner does not intend to return to school until next September, when he will be in his sophomore year. He endorses Emory's medical course especially.

Miss Josephine Bonavita has returned to Washington to finish the school year after spending the Easter holidays at home.

Miss Lily Powell Smith was another visitor to the city for the Easter vacation. She is attending school at Briar Cliff Manor in New York.

Miss Lucinda Hudson was home, too. She hails from way up north in Westover, Conn., where she is attending Westover school.

Miss Eleanor Spence came home for the holidays from Miss Peter's school in Farmington, Conn.

Miss Jane Davis visited us several times while she was in Knoxville from Winston Salem school. We enjoyed her visits very much and we hope she will be here for our school next year.

Miss Josephine Wallace has returned to Due West College after spending the Easter vacation at home.

## MEDAL OFFERED TRACK ASPIRANTS

High Point Man to Be Given Medal As Reward for Hard Work.

STIMULATE INTEREST IN TRACK.

Frank Long, Dash Man, Wears Last Year's Medal On His Chest.

Prof. Julian Jones, popular professor of Languages and Science in the Knoxville High School will follow the precedent which he has set for himself in former years and give a medal, known as the Julian Jones medal, to the high point man of the track team this year. This medal is given to stimulate interest in track and field events, and the doctor goes far in doing so.

Many students do not go out for the track team because of the fact that not as much glory comes to the track man as to players on other athletic teams, and this condition caused Prof. Jones to give this medal to the individual high pointer of the track team.

The student body is very grateful for the generosity of Professor Jones and sincerely hopes that many try for this award; also that the winner has worked hard when he has won the medal.

Frank Long was the winner of the Julian Jones medal last year.

K

## CRUTCH WEILDERS HAVE SNAPPY ORGANIZATION

Major Seaton Has Temporary Command of Brigade.

SEATON BROADCASTS 50-YARD DASH CHALLENGE.

Sensational Announcement Made Last Wednesday; Mr. Cox Is Promoter.

There is nothing new under the sun. But there are some things that we have never seen before that look new. Frinstance, Knoxville High School is the proud owner of a new organization known as the crutch brigade.

William Seaton, cornetist in the band, is nursing a bad ankle sustained when—

Wilbert Shanton, who is sometimes called "Buddy," is on the crooked stick with a sprained ankle, which he was unfortunate enough to receive when sliding into third base at baseball practice at Caswell park several days ago.

John Yule is bad off with a game knee, which is probably broken in several places. John got this when his horse fell on him in cavalry drill last Thursday night.

Archie Craymer is also carrying a crutch, but the scribe could not find him to seek out his ailment.

The four-ette expect to be on two feet in about three weeks.

The regular drill formation for the group is column of files stepping off with the right crutch at the count of two and a half. The rate of march is about three hops per minute.

## ANNUAL R.O.T.C. FIELD MEET PROMISES TO BE GREAT AFFAIR THIS AFTERNOON

This afternoon at one thirty, representative teams from each company in the R. O. T. C. Battalion will compete for track honors. Everything has been planned very efficiently and all the authorities are in excellent spirits about the outcome.

A great deal of interest has been manifested in the entry of a team from "Company G," composed of non-cadets. This organization has a very strong team and promises to make a big bid for the laurels.

A high school track letter will be awarded to the men who break records set in previous years.

Altogether, the meet will be a huge success from every indication at present.

## First Round in Tennis Tilt Played Off

Last Tuesday was the last day when the first round of the K. H. S. Tennis Tournament could be played.

As usual, most of the games were postponed until the last moment, and even then several defaults were turned into the office of Coach Bender. Most of the games were hotly contested, although the scores of several were one-sided. Shanton, one of High School's foremost racquetters, was forced to forfeit to his opponent because of injuries which he had received in baseball practice. Yule was also kept from playing on account of an injured knee. Rule easily defeated Spreen by allowing Spreen only one game out of the two sets played. he Lunsford-House match ended in the one-sided score of 6-2 and 6-1, with Lunsford on the long end.

Following are the results of the sets played on or before April 11: Long forfeited to Halliburton. Hill forfeited to Wells. Lunsford defeated House, by 6-2;

6-1.

Rule defeated Spreen by 6-0; 6-1. Cockrum forfeited to McPherson. Shanton forfeited to O'Brian.

Yule forfeited to Cate.

Barrier defeated Wingo 7-5; 6-2.

Sanford defeated Rankin 6-3; 6-0.

Crawford defeated Cavanaugh by 7-5; 6-4.

K

## HIGH SCHOOL STUDENT IS RECOVERING IN MACON, GA.

Louis Lavine, a member of the Junior class of K. H. S., is rapidly recovering from an operation that was performed in William's Sanatorium, of Macon, because of rheumatism in one of his limbs. He has had several operations previous to this for the same ailment, but without permanent results.

Louis is now staying at the home of his sister, 106 Park Place, Macon.

It is not known whether or not he will be back to school this term.

If it isn't possible for him to be back in old K. H. S. for awhile, it is possible for him to enjoy the next best thing, that is, the "Blue

COL. FALLS TO INSPECT CORPS NEXT WEEK.

The following memorandum was issued from the office of the Professor of Military Science and Tactics on April 10th.

Memorandum

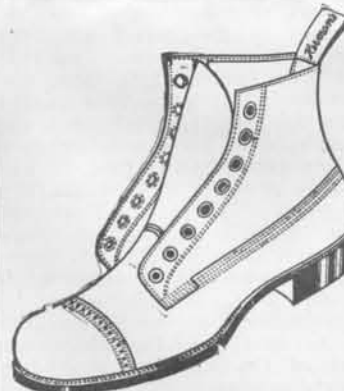

1. Colonel M. N. Falls, R. O. T. C. officer, 4th. Corps Area, will arrive in Knoxville to inspect the Corps of Cadets of this institution on Monday, April 16th, and will inspect the Battalion on Monday the 16th, and on Tuesday the 17th. This inspection will undoubtedly be for the Honor High School Rating for the present school year. The Corps of Cadets of the last school year was the Honor High School for that year and it is hoped that this honor will be won by the present corps. In order that this may be won it is necessary that every member of the corps show up what he has learned to the best of his ability. Neatness in appearance, snap and precision in all movements are necessary for the rating desired.

2. Let us all put our best efforts forth and prove that Knoxville High Schools are the best in the 4th Corps Area.

By order of  
MAJOR ESTES.

## PLEA MADE FOR BETTER STUDENT SPIRIT

**Seniors Talk to Lower Chapel Men On "Respect to Teachers" and "No Cheating."**

**PROFESSOR EVANS TELLS ABOUT HUME-FOGG.**

**Splendid School at Nashville Told of to Let Kids Know What Is Being Done in Capital City.**

The campaign for a better class of students which was announced in the "Blue and White" last week was opened in Lower Class chapel in the past week. Lloyd Davies and Elizabeth Attix, two of this year's senior class, were present and gave very interesting talks on "Respect to Teachers," and "No Cheating," respectively. The kids were very pleased with these lectures and they have been quoted as saying that they will back the better student move to a finish.

After these talks, Prof. Evans told the group a little about the Hume-Fogg school at Nashville, Tenn. Statistics in part are quoted below for benefit of upper classmen who might not know of the school.

The building is four stories high and is inhabited for about six hours of the day by twenty-five hundred students. The rooms are absolutely sound proof, from one another, and the building is fire-proof. The halls are eighteen feet wide and all of the lockers are in the basement and are visited by their occupants only before and after school. This does away with a large part of the crowding and confusion that we experience in the inter-class rush. The school has one of the finest prep-school gyms in the south and a large athletic field is in close proximity to the building. Only about four or five hundred pupils eat lunch at a time. The dining room is kept absolutely spotless by the students themselves. The only disadvantage to the whole works is the centralized location of the building for being on one of the busiest streets in the capital city. Traffic noises worry teachers and students as we are worried in our classes on the Central avenue side. However, all of these other advantages work together to make Hume-Fogg one of the best schools in the country, and their crack basketball team lived up to their reputation, the rest of the school has made when they represented Tennessee in the National basketball tournament held at Chicago last week, although they lost out early in the fray.

**"Clarence" Is a Brilliant Success**

Continued from Page 1

the play and she did her part of the work in grand style.

The club wishes to thank Miss Hannah Krome, faculty adviser, for her loyalty and fidelity in assisting Mrs. Ellis. Miss Krome was present at every rehearsal and was always right where she was needed.

Negotiations are now being made for taking the play on the road. Telegrams have been sent to Greenville and Johnson City to secure a date for a performance in these towns. They have not been heard from as yet.

Not only the cast deserves praise for every one on a committee which has helped to make the play a success should also be richly praised, the smoothness of the performance being in a large part due to them too.

One and all of the Dramatic Club is to be congratulated on their splendid success.

—K—

Elizabeth: "I shall never marry until I find my direct opposite."

Hallie: "Well, there are a good many real intelligent men around here."

—K—

"Shall I brain him?" asked the robber.

And the victim's courage fled.

"You can't—he's a freshman, Just hit him on the head."

**"WINNERS" Bible Class invites every boy and girl of Knoxville to visit our class at the South Knoxville Baptist Church. Meets every Sunday morning at 9:30.—Adv.**

## UPPER CHAPELITES URGED TO LIVE MANY-SIDED LIFE BY DR. HARRY CLARK, EDUCATOR

The students of Upper Class Chapel, Friday, were very much honored to have Dr. Harry Clark, formerly of the University of Tennessee, and now living in Nashville, to speak to them.

Mr. Clark is one of the state's best educators, and public speakers, and gave a very inspiring talk to the students.

Mr. Clark's speech was based on the fact that one should not live a one-sided life, as the girl who could only play on the piano: "My mother had an old black hen. She sat behind the door, And Sunday sometimes more." is not as popular as the girl who can play anything. So in life we draw the comparison that if one specializes on one subject, he is not so sure of an ultimate reward as the person who does many things and does them well.

Mr. Clark used the life of Theodore Roosevelt as an example of his point. Besides being president of the United States, Roosevelt was an orator, statesman, lawyer, athlete, writer, linguist, soldier, and was greatly interested in the public welfare and the advancement of his country.

Mr. Clark's speech went home, as was evidenced by the fact that the very strictest attention was paid the speaker at all times. Certainly everyone benefitted from and the audience on is be complimented on being such an interesting speaker to the school.

## FEMININE TENNIS TWEEDLERS JOUS' IN RACQUET TILT

Double and Single Matches Feature Girls' Event At Caswell Park.

**MATCHES BEING HELD EVERY DAY.**

Several Formidable Teams Cast Hat Into Ring for Big Struggle.

As the girls in the tennis tournament have been practicing daily for several weeks, they will be in splendid form for their first game, which will be staged at Caswell Park at 2:30 Wednesday afternoon.

The first game in the doubles will be played by Helen Wood and Katherine Daniels against Zelma Tadlock and Ethel Capps.

At 3:15 on the same day, Rebecca Wilson and Helen Coulter will play against Judith Roberts and Dorothy Shanton. After this, Bernice Keene and Elizabeth Patton vs. Katherine Freymond and Elizabeth Hale.

The following Monday at 1:45 P. M. Margaret Hootch and Jennie Adcock will play against Early Miller and Margaret Peters. The winners of this game playing Evelyn Mabry and Myrtle Cogdill.

In the singles, which will be played Monday afternoon at 2:30, matches are as follows: Helen Wood vs. Judith Roberts; Katherine Daniels vs. Vera Smith; Evelyn Mabry vs. Early Miller.
