U. T. Instructor Inspects K H S ROTC Battalion

Major F. B. Matthews Conducts Annual Inspection For 'Honor School'.

BATTALION PREPARED

Honor School Rating is Represented by Red Stars Which Cadets Wear.

Major F. B. Matthews, University of Tennessee R. O. T. C. officer, visited Knoxville high school Wednesday, March 25, to inspect the R. O. T. C. battalion for "honor school".

The battalion has been preparing for the inspection since the term started. The climax of this preparation came Monday when Major John S. Moore, high school R. O. T. C. commandant, gave an oral test to the cadets concerning the questions which would probably be asked by Major Matthews, in his examination.

Knoxville high school has held the "honor school" rating for the last 10 years, this distinction being represented by the red stars that the cadets wear on their shirts and coats. To fail to win the distinction of "honor school", would mean that the cadets would have to refrain from wearing the stars.

SUBSCRIBERS URGED TO FINISH PAYMENTS

All Blue and White subscription cards have been assorted and sent to their respective groups. The group teachers and group officers have been asked to collect the money which is still due and turn it in to the Blue and White office.

All payments should be completed by the end of the second six weeks.

Thus far the collections have been fairly good, and each day the Blue and White has received payments from different groups.

Many of the subscribers have already completed their payments.

Care should be taken by both the group teachers and the subscribers in seeing that the receipts are torn off when payments are made.

KHS Writers To Get Prize For Essays

International Relations Group Sponsors Contest Among Senior Students.

Three prizes of $5, $3, and $2, will be given to the three K. H. S. seniors placing first, second, and third in an essay contest in which the contestants are to write on "What Can the United States do to Maintain World Peace?"

The contest is being conducted by the International Relations Group, which is made up of the American Association of University Women.

The manuscript should contain from 800 to 1000 words and be in the hands of Miss Jessie Neubert by April 17.

Students entering the contest can obtain all necessary bibliography from the high school library.

"The purpose of the contest is to create a greater interest in the subject of world peace," stated Miss Neubert, who is a member of the organization which is conducting the contest.

'Island Of Perils' Wednesday Movie

"Island of Perils", an expedition to the Faroe Islands, under the direction of Captain Sten de Nordenskiold, will be shown in the assembly hall next Wednesday.

The scene is in the Faroe Islands, an island located in the North Sea between Iceland and the Shetland Islands. Their total area does not exceed 511 square miles, all of which consists of rocky hills, and the highest rising is more than 2800 feet above sea level. Powerful tides sweep between the islands.

This picture deals with the story of John Henze and his bride, but one is made to feel that the chief characters are the forces of nature. Part of th enative ceremonies of his marriage, and the home where he and his bride will live their simple but strenuous existence, will be shown.

Other features will be "Penalties", a football reel and physical reel on "Sound Waves and Their Sources".

U. S. Colleges, Universities Offer 100 Scholarships To High School Students

To outstanding high school seniors of ability who would like to continue their education at college, more than a hundred scholarships are being offered by colleges throughout the United States.

The winners of these scholarships are judged by their scholastic attainments at high school, their superior qualifications of character, and their personality.

To boys of outstanding ability who would like to attend Harvard college, at Cambridge, Massachusetts, there is being offered ten prize fellowships. The stipend of each is sufficient to cover all the essential expenses for one year. Stevens Institute of Technology, located at Hoboken, New Jersey, is also offering a full tuition award for the freshman year.

Girls that are honor students, and desire to enter college, are eligible for thirty-five scholarships at Judson college, located at Marion, Alabama. These awards include twenty scholarships at one hundred dollars each, ten at one hundred and fifty dollars each, for women who are honor students, and five scholarships at two hundred and fifty dollars each for honor students of very outstanding ability. Twelve one thousand dollar scholarships are also being offered girls who graduate from high school this term by Brenau college, located in Gainesville, Georgia.

Scholarships for which either boys or girls are eligible are being offered by the University of Rochester located at Rochester, New York. Two awards of five hundred ten dollars each year for four years, are offered to the student entering the Institute of Applied Optics at this school as a freshman in September, 1936. Simmons college, Boston, Massachusetts, is also offering a scholarship that provides tuition for the freshman year.

Idabelle Monroe, Wesley Davis, Herman Silva To Play Leading Roles In Senior Class Play

GET LEADING PARTS IN SENIOR PLAY

Two K H S Students Win Music Contests

Janice Graybeal Wins in Piano Quartet Group — Mack Blackburn, Violin.

In the contest held on March 21 by the National Federation of Music clubs in this city, Janice Graybeal and Mack Blackburn, both K. H. S. students, were winners in their respectvie groups.

Miss Graybeal was one of the four winners in the piano quartet group, while Mr. Blackburn won in the violin section.

Since they have won in the local contest, both are eligible to enter the state contest which will be held in Johnson City, April 18.

In these contests the contestants are classed according to their age and an average of 85 per cent is required to pass.

Chorus, Glee Club Will Give Concert

Monday evening, March 30, the K. H. S. chorus and orchestra will present a concert. Admission will be twenty-five cents, and the proceeds will be used to send members of the chorus to Nashville to compete in the state-wide musical contest, April 8. Many first and second places were won by K. H. S. students in the contest last year.

Herbert Turner, bass, with the deepest bass voice in K. H. S. for many years, will sing "The Horn", a song with two octaves range that goes to low D.

Alice Jean Bounds, pianist for the orchestra, will play "Mendelssohn G Minor Concerto" with the orchestra accompanying.

The program follows:

1. March, The Stars and Stripes Forever .....Sousa
2. Overture, La Dame Blanche .....Boieldieu
3. Waltz, Gold and Silver ....Lehar (Orchestra)
4. Chorale, O Sacred Head .....arr. by Christianson
5. Were You There (Negro Spiritual).....arr. by Burleigh

MESSAGE OF MERIT IS 'LIFE IS SHORT'

Life and its length is the topic of the message of merit in the hall this week. These messages are changed each week, and students are requested to read and profit by these mottos.

"Life is short—too short to get everything. Choose you must, and, as you choose, choose only the best in friends, in books, in recreation, in everything."

Latin Classes Enter 2 Students In Contest

Margaret Hoskins and Ed Storey Selected to Take State Examination.

Chosen from the 12A and 10A Latin classes Margaret Hoskins and Ed Storey will represent K. H. S. in an East Tennessee Latin tournament which will be held April 4, at Johnson City. The tournament is being sponsored by the State Teachers College.

Margaret, who is completing her fourth year of Latin, was elected by members of Miss Helen Galbreath's class of Virgil, the only senior Latin class.

Ed was first selected along with Ed Dougherty and Margery Evans, each representing one of the three 10A classes as the best Latin student. An elimination test was given Wednesday afternoon to determine which of these three was to enter the tournament as the 10A contestant from this school.

The tournament will be in the form of an examination covering review translations, sight translations, forms, syntax, and vocabu-

Miss Parker Will Attend Art Meet

Miss Virginia Parker, art teacher, will leave Wednesday morning to attend the Southeastern and Western Arts Association Convention which is meeting in Nashville, April 1-4.

Miss Parker will drive to Nashville with Ottie Kaserman, another teacher from this city. While in Nashville they will stay at the Andrew Jackson Hotel which is the headquarters for the Southeastern Art Association.

The theme of the convention is to be "Southern Hospitality". There will be four Knoxville speakers on the program: Mrs. Wanda Wheeler, superintendent of art in the Knoxville city schools and president of the Southeastern Art Association; R. E. Morgan, T.V.A. director; Dr. Harry Clark, superintendent of Knoxville city schools; and Mrs. Mary Palston Charleston, artist in the Home Economics department at the University of Tennessee.

Programs for the banquet and dance Friday evening were designed by members of K. H. S. Art department: Margaret Post, Elizabeth McKelder, and Sam Kaserman. There will be a display of the making of these programs, which will be the only exhibit on display from the Knoxville city schools.

COUNCIL EXPLAINED TO CENTRAL GROUP

Student Council had as its guests Tuesday, a committee from Central high school. The purpose of the visit was to obtain information necessary for starting a Council at Central.

Student visitors from Central were Thomas Searle, John Murrian, Ira Lay, and Walter Hickle, while Thomas W. Whitehead represented the faculty.

Searle Gillespie, president of the Council, furnished the Central delegates with a clear explanation of the various departments of the Council, explaining how each was organized and how it functions.

After the study was completed, the delegates were entertained with a luncheon by the Council.

ANOTHER RENAISSANCE

Noble and lasting institutions of government and science dedicated to the impartial service of humanity, nations founded and perpetuated upon the erudition of a democratic citizenry, international peace and congruity insured by mutual understanding and inviolable trust—yet ideals but conceivably practicable in a futurity when the pseudo-materialistic viewpoint of today transcends to a veritable form.

The peoples of the earth, molded with the similitude of a common sculptor's work, nourish a homogeneous inculcation; conflicts of divergent political philosophies are but struggles to establish practices believed conducive to a fuller and more abundant life. Because infallibility is not characteristic of mortal beings, adherents to particular political creeds may err in their contemplated plans of converging efforts to that ubiquitously sought object. Fascism, socialism, and communism, while repugnant to democracy and even to each other, are, nevertheless, expressions of political and social expediency in that direction.

If stripped of the artificial details enmeshing life, unconsciously erected and accepted as necessary, man would reveal esteemable qualities which corruption of carnal devices shall never deteriorate. When the analyst of the future pierces the shroud of life's superfluities and treats affairs in the light of man's basic principles, then a truly materialistic viewpoint will have been effected—

Then man will have returned to himself.

STATEMENT OF PRINCIPLES—FOURTEENTH YEAR BOOK

(From The Gist)

For the social studies curriculum the following are basic and imperative:

(1) Government with the consent of the governed as contrasted with government by dictatorial force imposed by stratagem and violence. Government with the consent of the governed requires the establishment and preservation of impartial election machinery, purity of the ballot, freedom of candidacy, open presentation of issues, liberty of press and discussion, an educated electorate, and the right of the people to alter their fundamental laws by established processes as changed conditions call for alterations in the powers and forms of government.

(2) The use of government, economy, the natural endowment of the nation, and the technical arts for the promotion of the general welfare and for the creation and maintenance of the highest possible standard of life and well-being for all the people, as distinguished from the privileges of any class.

(3) The preservation of personal liberty—full religious liberty and freedom of press, speech, assembly and petition—as opposed to capricious and irresponsible tyranny.

(4) The preservation of the rights of property lawfully acquired against arbitrary seizure and confiscation, and the application of the rule that property is to be taken only for public purposes and by due process in which burdens fall with the same weight on all persons similarly situated.

(5) The protection of private rights against arbitrary action, by the maintenance of fixed processes guaranteeing speedy and open hearings in courts of law, right of counsel, right of jury trial, and right of impartial judgment.

(6) The enforcement of law by duly constituted officials alone and the repudiation of all private persons and organizations that try to take upon themselves the functions of judges and executioners.

(7) The assumption of full individual responsibility in the discharge of private and public obligations.

School Daze

By Betty Dafferner

I'LL wager Miss Walker liked to chase fire trucks when she was little. She still gets excited when she even thinks about a fire. The other day, during the last period, a bell rang, and she jumped up, grabbed her pocketbook, and started toward the door, shouting" Hurry children, hurry and get out of here." And then, seeing that it was just the three o'clock bell, she said, "Oh, I thought it was a fire drill."

Baseball Comes Forward In Fans' Interest; Feathers Joins Smokies

By Bob Allen

Baseball is in the blood of the fans, and many of the rail-birds are just itching to see those fence-busters go into action. In the "Grapefruit League" in Florida, many of the major league teams are thrilling the tropical fans with interesting games in which the newest of recruits get their golden chance. Here in Knoxville the Smokies may have the will to show fans their ability, but they must have a dry field to play on. This rather late spring is hindering the Knoxville club's progress, and also the progress of the sports writers, who are suffering from lack of material.

Bob Allen

The Knoxville fans will have something new to draw them to Smithson Stadium this year. The favorite of Knoxville football fans, and All-American halfback, Beattie Feathers, will perform in the role of Smoky outfielder.

Our rivals, the City-Central Bobcats, are taking their spring football training rather seriously. Perhaps, they expect to gain another triumph over the Blue and White next season. At any rate, the County team is giving itself up to hard steady drills, which the coaches announced would continue for at least another month. The County team has about fifteen varsity performers about which it may built its squad.

The basketeers from Austin high school just can't seem to end their basketball season. They went to Roanoke, Virginia, last week, and fought their way through an opposition of about thirty teams to place third in the National basketball tournament for negro high schools. The members of the Austin squad received gold basketball for their efforts.

The University of Tennessee golf team is making plans for its season with the last snow barely off the ground. Coach Jimmie Wall is planning to take a team of four to Chattanooga in the near future, and to schedule a match with some northern university later in the season.

The probable four who will hold berths on the team are Harry Price, Kellar Smith, M. J. James, and John Eaton.

The Knoxville Y. M. C. A. volley ball team took first place in the State tournament in Chattanooga last week. The "Y" has turned out some fine teams.

Fans To See Net Stars April 30; Trojan Squad To Begin Practice

Big Bill Tilden To Bring Ranking Tennis Stars To Tyson Park.

TENNIS CLUB PLANS

Knoxville High Net Team Expected To Be Among Best In State.

With spring opening, Knoxville tennis fans will have an opportunity to see some of the net game's greatest personalities. On April 30, William T. (Big Bill) Tilden will lead his troupe of net stars in an exhibition on the courts of the Knoxville Lawn Tennis Club of Tyson Park.

Tilden will bring Bruce Barnes, ranking professional star, Mrs. Ethel Arnold and Miss Jane Sharp. The four will play matches in singles and in mixed doubles.

The Lawn Tennis club, organized last year, will begin this year to attempt to develop entries for the various tournaments held throughout the south this summer. A great number of Knoxville stars are planning to enter the state tournament, which is to be held in Chattanooga this summer.

The city tennis tournament showed that the city of Knoxville boasts many expert netmen, especially in the junior and boys' divisions.

Incidentally, the Knoxville high school net team is to begin practice the latter part of April, and will probably engage in the first match soon after that. Those who are expected to afford the tennis team the best material are Shirley Jones, Jack Rodgers, Lynn Humphries, John McReynolds, Searle Gillespie, George Vestal, and MacAfee Lee.

The Trojan team is expected to be among the foremost in state high school tennis circles.

Health Chats

EXPERIMENTAL FINDINGS

By B. E. Sharp

High school pupils are not expected to know much about the many diseases, their causes, cures, symptoms, etc. Neither are they to know a great deal about their own bodies that are so complex and which function so perfectly and coordinately. They may be optimistic, however, to know that the human mechanism, if treated properly, builds up a general resistance by observing a few simple health rules, and the committee presents the following experimental results to impress pupils of the importance of the observance of these health rules.

1. Exercise.

By the pulse-ratio test we examined an equal number of K. H. S. boys who take regular exercise and those who do not exercise enough, and found the per cent of efficiency of their hearts of the first group much higher than the latter. The mean efficiency for the athletes was 84%, while the mean or average for the non-athletes was 77%, a difference of 7%. The technique of this experiment is too long for presentation here. The results of the experiment is plotted and displayed in the front hall show case.

2. Rest.

A. V. Hill, who won the Nobel prize in medicine, found that recovery from fatigue was rapid at first and slows down as time goes on. The results of the time of recovery in per cent are plotted and displayed, this week.

40% recovery comes the first five minutes, 80% in twenty minutes, and 100% in seventy minutes. The method of this experiment is very interesting but too technical and too long to present here.

3. Diet.

The H. E. girls have just completed an experiment on white rats showing the results of different diets on weight of the animals. The two that were fed on a poor diet lost weight until their diet was changed, then their weight immediately increased. The exact opposite was shown for the other two. This change of weight is very signfiicant in every case, that started on a good diet, and was switched to the poor diet.

The diet, rats, and graph is presented this week for your observation.

4. Abstainer of Alcohol.

With a kymograph made by a K. H. S. pupil, several boys observed the results of alcohol on the heart of a turtle. The record that the heart made is on the black card in the front show case.

Briefly the results follow:

Normal heart shows a regular curve of 30 beats per one-half minute. Cold water caused the heart to beat slower but still regular. Alcohol caused the heart to beat very irregular as shown by the curve.

These and other lessons in health are being worked out that pupils may see as well as read the results of rest, exercise, diet, elimination, etc.

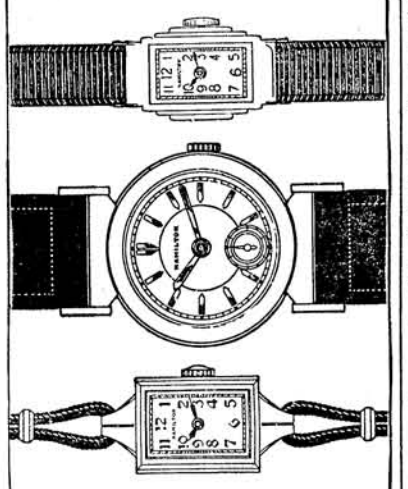
"ACCURACY in a watch COMES FIRST"
VOTED STUDENTS OF FORTY-ONE COLLEGES



Eight out of *ten* students in forty-one American colleges voted "accuracy" the most important requirement in a graduation watch. Naturally enough, when these students were asked to name the make of watch they would prefer to own, Hamilton won by a generous margin. The world over, Hamilton stands for accuracy. Society and Clubs

By PATRICIA WHITMORE

MONDAY, March 23, the student Fellowship club was honored in having Mrs. Hubert Sanford speak on the subject of "What Alcohol is and Does".

She brought with her some colored slides on this subject which were shown by Rev. C. S. Adams, and explained by Mrs. H. A. Benton. These slides were brought by the Central Council of Parents and Teachers of which Mrs. Sanford is a member. They showed facts about the effects of alcohol when taken into the body such as: the shortening of the range of vision, the blurring of colors, and the slowing down of the whole body machine. Mrs. Sanford told that it was not the man who took a great deal of alcohol into the body that was so dangerous, but the one who had had only one or two drinks.

In response to these inspiring pictures and talk, the Student Fellowship club is preparing a very interesting radio program to be broadcast over our school radio.

NIGHT school, which has been in progress at Knoxville high school since September, came to a conclusion last night. A program was given during the last hour by the dramatics class and the Glee club.

"Marriage Vows", a one-act play written by O. E. Sams, dramatics teacher, was the play presented by the dramatics class. The Glee club, under the direction of Edward Hamilton, K. H. S. music teacher, sang several of the selections.

lary. The two representatives from K. H .S. will compete with students from other schools in East Tennessee.

The winners in this contest will later compete in a state wide tournament.

"Though some states hold an annual Latin tournament, this is the first year that Tennessee has had anything of this kind," explained Miss Lucile Evans, head of the Latin department.

Twenty-three boxes were sent last week.

Containers for tin-foil are still kept in the lunch room. This is expected to help crippled children of the Eastern State Hospital.

The president of the council urges the representatives to attend the meetings more regularly.

A skating party will be held next Friday night at Chilhowee Park to secure funds for the club.

FEATURING a variety show, the Tennessee Valley Players will present stunt nights Monday and Tuesday nights at Park Junior high school. The admission price is twenty-five cents.

The T.V.A. orchestra, under the baton of Harry Lawson, will present several skits in the form of a night club floor show.

Among the acts to be presented are a combination of the Knoxville Male Chorus and twelve T.V.A. girls, a tumbling act, several tap dances, a clog dance, a blackface act, hill-billy numbers, ball-room dancing, and comic skits.

Joe Brumley is the director, and Miss Barbara Cook, assistant director.

Commenting on the difficulty of chosing the cast, Mr. Sams stated, "I have selected lots of play cast, but this was the hardest. A hundred seniors tried out—a hundred seniors, any of whom would have done justice to the parts. But I could select only twenty-five, and believe me, it was some job cutting that list down. I was conscientious in my selection and believe that I picked the best ones."

Dr. James A. Ivy, Bell Avenue Pastor, Speaks In Chapel

Urges Students Be Prepared When Opportunity Knocks, Possess Character.

In lower class chapel Tuesday, a varied program was presented.

Dr. James A. Ivy, pastor of the Bell Avenue Baptist Church, spoke on the youth movement. He based his speech on I Timothy, 4:12, which reads, "Let no man despise thy youth."

He urged the students to do three things—first, to be prepared when opportunity comes; second, to be willing to pay the price; and third, to possess genuine character.

The girls' glee club, a group of twenty K. H .S. girls who were picked in tryouts, sang two arrangements which they will sing in the state contest at Nashville. These two selections were, "I Dream of Jeanie With the Light Brown Hair", and "Indian Dawn".

"My Little Banjo" and "Passing By", two arrangements, were sung by the K. H. S. quartet, which is also entered in the state contest. The four boys making up this group are Herbert Turner, bass; William Chamberlain, baritone; Scott Walker, tenor; and G. E. Francis, tenor.

Electric Dealers Sponsor Contest

Any Girl Under Twenty-five Years of Age is Eligible To Enter.

Any girl under twenty-five years of age who is interested in becoming a future home manager, is eligible to enter the All-Electric Kitchen Planning contest sponsored by the electric dealers of the country.

Among the twenty-four prizes to be awarded are: Three vacation trips to girls' camps plus complete outing wardrobes; three electric appliances worth $20 each; three electric appliances worth $10 each; and fifteen I. E. S. study and reading lamps.

All girls wishing to enter the contest must register at the electric dealer's store. At which time the dealer will supply the contestant with necessary form and material.

An essay of no less than a hundred and no more than five hundred words on "Why I Would Like to Have a Modern All-Electric Kitchen in My Home" must accompany each kitchen plan.

The plans are to be graded on the following: 1—Completeness, 2—Arrangement, 3—Neatness. All essays will be graded on: 1—Advantage of the All-Electric Kitchen, 2—Thoroughness, 3—Neatness.

For further information see your electric dealer.

KHS Big 6 Entries Will Vie With Other Tennessee Schools

Debates Will Be Held at U. T. During April—Competition Is Keen.

Contestants in the Big 6 have practically selected topics for their addresses to be given at the University of Tennessee in competition with other high schools in East Tennessee, sometime during April.

"Resolved: That the Government Should Own and Operate Electric Light and Power Utilities," will be the subject used by the debaters. Those taking part on the affirmative are Elsie Schumaker and George Foster. Ellis Mays will uphold the negative side with either Almeda Parker, Jack Joyeux, or Harold Simpson, as his colleague. These students are vieing for this honor by writing the best speech.

Ed Mitchell will use as his theme in original oratory, "The Highway Speaks". This will include the prevention, cause, and the number of persons injured or killed in the Civil War with the many accidents of today.

Mae Lemming and Cleo Thompson, representing humorous and dramatic readings respectively, and Fred Clayton, essay, have not yet announced their subjects.
