

# Senior Play Is Selected By 'Demand'

"Arsenic and Old Lace" Will Be Repeat Performance

Arsenic and Old Lace is the play chosen by the seniors and Miss Ruby Bird for the class to present on May 24 and 25 in the KHS auditorium at 8:15 p. m.

This play was used by the seniors in 1948 but has been selected by the 1951 class because the students practically "demanded" its repeat performance.

## Play Synopsis

The action of the play is brisk and varied. The play is centered around two dear, sweet old aunts who are helping old men from the miseries of lonely old age to the peace of the grave with their special "pick me up", concocted of elderberry wine, arsenic, and cyanide. Their nephew, Jonathan, seeking a hide-out is an insane killer, lusting for blood.

Mortimer Brewster, the only sane character, tries to oust Jonathan from the house when he discovers from a corpse what the aunts are doing.

The complications that follow are hilarious. In the end the aunts are put away in an asylum, Jonathan is in the hands of the law, and Mortimer's shattered nerves collapse in the arms of his beloved.

## Scene Laid in Brooklyn

The scene of the story is laid in Brooklyn; the time is the present; an old house filled with corpses, a man who thinks he is Teddy Roosevelt, two "looney" old maids, poisoned elderberry wine, the Panama Canal in the basement, all give "flavor" to the fun of the play.

## Characters of Play

Abby Brewster will be played by Jean Adams; Rev. Dr. Harper by Dan Harrison; Teddy Brewster by John Fine; Officer Brophy by Larry O'Conner; Officer Klein by Cameron Brackney; Norton B. by Walton Rawls; Mr. Gibbs by Shields Remine; Jonathan B. by C. L. Huling; Dr. Einstein by Harvey Sproul; Officer O'Hara by R. N. Bullard; Lieut. Rooney by Dan Harrison.

Other girls nominated for this honor were Ann Kemmer and Rita Green.

# Kauffman Essay Wins \$25 Prize

Trudy Kaufman, Senior exchange student from Germany, took a \$25 third prize in the Civitan Essay Contest on "Good Citizenship".

"Life in a Democracy" was Trudy's winning subject. The contest was handled through KHS history classes.

Last Friday at the Civitan luncheon Mr. John Walker, Principal of Tyson Junior High School, presented the awards.

Out of almost one hundred entries in Knox High two were selected to send to the final judges. These two were Trudy's and Anna Ruth King's.

Trudy is a member of the Senior Y-Teens. She plans to leave this country shortly after receiving her diploma. Her ship sails for Germany from New York on July 12. The boat will dock in France, and Trudy will continue her trip home by train.

# SC Regards TASC Meet Success

By S. C.

If you should see a dazed, slightly bewildered teacher wandering around the halls with a relieved look on her face, turn her in to room 304, it's Miss Galbreath.

What put her in such a dither? Why, the Tennessee Association of Student Council's Convention, of course. She's been working like crazy to get things fixed just right for the Tennessee delegates. It all paid off in the end though. Everybody thought the convention was a big success.

## Started Last Year

It all started last year when the above-mentioned asked to be host to the TASC. Since then, the convention was all the Student Council dreamed about.

Well, all the preparations were made and Friday morning it seemed that every high school

# "Pop" Hamilton Honored By FTA

Mr. Edward Hamilton, better known as "Pop" to KHS students, was born in Bellingham, Washington. He has a very well rounded musical education, holding a Bachelor's degree from Maryville College and a Master's degree from New York University. Pop's entire teaching career has been spent here in Knoxville; it amounts to a total of 18 years. Among the "laurels" Pop has "pulled down" are the presidency of the Tennessee Music Education Association, a position he held for four years, and his more recent election to head the Southern Music Education Association. Mr. Hamilton is the director of the Knoxville Male Chorus, the First Baptist Church choir, and the Knoxville Choral Club, Knoxville's professional chorus, on top of his work here at KHS.

To put "Pop" Hamilton in a nutshell, we can take a quotation from his wife and say "he's a pretty good guy."

# Carolyn Burk Wins \$100 Scholarship

CAROLYN

Carolyn Burk, KHS senior, received the \$100 Delta Kappa Gamma Scholarship award at the honorary teachers' sorority banquet Tuesday night at the Central Methodist Church. Miss Alyse Morton, chapter president, presented the award.

# Money Is Elected VSLAA President

Jack Money, a Knoxville High School Junior, is newly elected President of the East Tennessee Volunteer School Library Assistants' organization, which held its first meeting in Chattanooga on April 20.

Jack was elected at the group's organizational meeting last week.

Jack

The V. S. L. A. A. is made up of librarians and library assistants from all Junior and Senior high schools in East Tennessee.

Delegates from Knoxville High were Jack Money, Bill Cimeno, Ralph Fralix, Faye Covington, Shirley Ricker, Carolyn Webb, Fred Carter, Pat Arnold.

Entertainment at the meet was presented in the form of a humorous reading and a program similar to the radio program, Twenty Questions. Later in the day delegates held small discussion groups pertaining to library works. Some of the topics were: book reviews, library clubs, mending and binding books.

# Hi-Y Candy Sale Goes Over Pledge

\$156 was made by the Hi-Y boys in their candy sale announces Max Conner, president of the Sophomore Club, who was in charge of the selling campaign. A total of eight cases and four boxes were sold.

This report was made to the Knoxville High Hi-Y Council at its meeting last week.

Money made by the boys from the sale will be used in connection with the World Service Fund, which supports YMCA missions in India and Africa.

Each Southern Area Hi-Y club pledges a certain amount of money every year for the continuation of these missions.

At their regular meeting Wednesday night all three clubs discussed plans for parties in the near future. The Senior Hi-Y's have appointed a committee of two, Dan Capps and Larry Dorsey, to make more definite preparations along the party line.

# Luncheon Is Part of Annual DE Day

Forty-five Knoxville High Distributive Education students attended an annual D-E Employer-Employee Luncheon on Monday as part of the celebration of Official D-E Day in Knoxville.

Each year the students entertain their "bosses" at a luncheon on this day. Some 300 people were present including D-E students from Central, Stair, Rule, Young, and KHS.

Knox High was represented by Mr. W. E. Evans, Miss Jean Naberhuis, Miss Esther Ellis, Mr. I. C. Gillenwater, Mrs. Elizabeth Wray, and Mrs. Della Freeman. Mr. M. H. Sanders and Miss Jessie Neubert, the other D-E teachers, were unable to attend.

Mary Harris, President of D-E's, Inc., and Robert McGoldrick, President of the D-E's, sat at the speaker's table.

Mr. James Jakes of the Personnel Office at U. T., spoke on "Tested Tips on How to Get Along With the Boss".

# Hikers Go To Siler's Bald

By Shields Remine

Siler's Bald a week from tomorrow is the final hike of the year for the Hiking Club. The 10 mile hike will be across some of the highest ridges in the Great Smokies, so, if the weather is OK, they should have the most beautiful hike of the year. The only bad part about the hike is that you go down going up, and go up going down. An explanation for this will be found on the hike.

Sign up now in Room 219 for this hike. You do not have to pay when you sign.

# '51 Speakers Choose Topic Of Addresses

Four Principal Speakers To Give 'Youth's Challenge'

Commencement speakers for the class of '51 have chosen "Challenge to American Youth" as the general topic for graduation addresses.

"In their separate talks, the principal speakers plan to present the problems that challenge young people of today. They will not necessarily attempt to solve these problems, but desire to put across the idea that there is a need for young people to accept the challenges that come to them," states Mr. C. S. Montgomery, adviser to the commencement speakers.

## Speakers' Topic

"The Challenge of American Youth" will be presented by Mary Frerking, Philip Robinson, Marilyn Clark, and Wesley Frazier.

Mary Frerking will speak on "Building Stately Mansions". She will discuss the challenge as presented to living on the domestic front with particular emphasis on the strengthening of our youth. In her talk she will take into account the problems which are created by war, by unsettled home conditions, and by the conflicts that are going on in the minds of people today.

"Strengthening Individual Character" is the subject of Philip Robinson's talk. Philip will analyze the character of American youth of today. The idea that problems of character are challenges to youth will be developed. He will give the basis for existing conditions, looking forward to the democratic solution.

## Marilyn Clark

Marilyn Clark's talk deals with "Developing Wholesome Relations". She will be concerned with the way people should get along with each other. In her address she plans to discuss such points as: the proper relationships between young people; the attitudes that should develop between young people and adults; the working out of a pattern. # May 18—May 18 What Happens?

By JKL

May 18—May 18 did you say? For the love of Pete, what is going to happen May 18. Is it—No, MacArthur will not come to Knoxville on that date. Graduation, of course not, stupid. Follies—No! Why, May 18 is the last day you can turn in corrections to be a GOLD STAR!

Mrs. Kelly announces that May 18 is the last date to be a Gold Star and that certificates will be awarded May 22. Due to circumstances beyond her control, there is a delay of the lists being posted in the home group rooms of 9th and 10th graders. No lists will be posted for the seniors and juniors, but if they will come to Mrs. Kelly between classes, she will check their past records for them. Any student who was a gold star last year, need only bring in a dental certificate to be one again this year.

All sophs and freshmen should check the lists carefully, as the school doctors made a careful examination and marked certain defects such as overweight, wax in the ears, etc. These defects are shown by pencil marks on the lists, but will not be held against you if you will discuss the matter with Mrs. Kelly immediately.

Mrs. Kelly urges all students who have gotten glasses recently to check with her as glasses are listed as a correction on the list.

Don't forget — everyone wants his name to go down in history as being one of the last gold stars in Knoxville High School.

## Y-Teens Have Full Program

Junior Y-Teen President Kay Love reports, "We have a very full program planned for the next few weeks." According to Kay, this Saturday night is the date set for the banquet to be given in honor of their retiring sponsor, Mrs. Arrants. They also plan in the near future to make shell ear-rings at their meetings.

Senior Y-Teens are looking forward to a swimming party at Big Ridge on Tuesday, May 29, if there is no conflict with graduation activities. They are also planning a weekend trip to Wise Acres, their cabin on Norris Lake.

**SPRING FEVER**

Spring is waking up after a long winter's nap, but the warm atmosphere seems to be putting some folks to sleep. There seem to be a few students who consider study hall as their daily rest period and take full advantage of this opportunity to snooze.

Now I realize this is lazy weather and it's much more interesting to dream about trout fishing, and moonlight dances. But! We still have **four more weeks of school**. An F for the last six weeks means an F for the year. So for heaven's sake drink some hot coffee or take some vitamin pills and get down to work. There is still time to redeem yourself. Why spend another eight years in high school?

—AD

**HAVE FUN ON YOUR SATURDAY DATE!**

There is some discussion going on about leaving the gymnasiums of the new schools open for student use on weekend nights. As this suggestion affects us directly I think all of us should support the idea.

It is a sad truth that Knoxville doesn't offer much in the way of entertainment for teen-agers. If the city wants to curb us under-age reprobates it is their duty to offer us some place to go for recreation. There are those of us who are not able to shell out \$1 or two for entertainment on Friday and Saturday. For us a program of this sort would come in mighty handy.

These weekly dances and parties would afford a chance to be with the gang, meet that football hero you have been admiring from afar, and have an all-round good time.

Come on, kids! Get behind this stupendous, colossal, fabulous, whooping, terrific, marvelous, wonderful, unsurpassed, supreme idea.

**TEN THINGS AN EMPLOYEE SHOULD DO**

Seniors! Are you planning to look for a job after graduation? I am sure that most of you are, whether full-time or for the summer. Needless to say there are some general rules that will help you land this job and hold on to it. Following are ten points that every would-be employee is expected to observe as outlined by James Jakes, U. T. official:

1. Give your best to the job—even in doing menial work.
2. There is a high premium on the ability to get a job done. Be persistent, resourceful, and energetic.
3. Be very careful of the accuracy of your statements. Do not "run off at the mouth".
4. Select the proper employer. Do not let the boss select you. Chances of success are better.
5. What your employer says he wants takes top priority, not what you think that he should want, or the way you think it should be done.
6. Look your best.
7. Rely on team work. It is very important in all phases of business. You can not do it all yourself.
8. A legitimate complaint should be taken to the person who is slowing up the process. Do not take it to the boss. Ask for cooperation from those on whom you depend in order to do your job.
9. Keep trying to do better. Do hard work, hard work planned, and a little bit more.
10. Be worth more than you are getting. If you are not worth more than you are getting, you will soon be worth less.

**Burke, MacArthur See Murfreesboro**

By Shields Remine

General MacArthur's wife, Jean Marie Faircloth, revisited Murfreesboro Monday, and Maude Mooney Burke, KHS senior went to gape. Here's a little bit of what happened.

The Burkes, who are cousins of Mrs. MacArthur, arrived in Murfreesboro, Sunday afternoon in time to rest for the festivities Monday.

Birds-Eye View

By 8:00 Monday morning, the Burke bunch was assembled on the porch of the James K. Polk Hotel so they would be sure and see the MacArthurs' arrival which was scheduled for 12:30. At 9:30, sirens started screaming and everyone thought the General was coming. The hotel manager, who "looked like a chicken with his head cut off", rolled out a long red carpet "he had ripped up somewhere", from the front door of the hotel to the sidewalk. There was an air of excitement in the air, and Maude climbed on top of a rocking chair to get a better view. No General arrived.

The same thing happened at 11:30—red carpet rolled out, bands started playing, people rushing to the street, sirens screaming—still no General.

Give Up All Hope

At 12:30, when everyone had decided that it would be a long time before the General would ever arrive, he rolled up. There was great confusion as the red carpet got rolled out again, and Maude reascended her precarious perch atop the rocker.

When all the confusion had died, the MacArthurs had escaped to their suite with the Burke retinue close behind.

You Don't Know Me

"Everyone was busy talking to Jean Marie," gushed Maude Mooney, "so I went in search of the General. He was in one corner of the room sorta looking at the floor, and since I was determined to speak to him, I slipped over to him. I hesitated just a minute and then I grabbed his hand and said 'I'm Maude Mooney Burke and I'm your cousin but you don't know me.' We shook hands and talked awhile. The General acted as though he had known me for a long time, and not as though we had just met—I mean by his wonderful personality."

Students in Stitches

Since she has gotten back to school, Maude has been reducing her friends to putty telling of her rather unusual trip to Murfreesboro. Oh well, what could you expect from a relative of General Douglas MacArthur!

**PTA Holds Panel On City Schools**

Members of the KHS P-TA, other city P-TA's, and interested citizens held a meeting last Thursday, in the study hall. The City School Board gave a panel discussion on their policies, explaining the set-up of the board, its limitations and its duties. The moderator was Mr. J. R. Crittenden.

The KHS orchestra, directed by Mr. DeRobertis, played some selections. Mrs. Overholt announced the date of the final concert of the orchestra, May 28.

It was also announced that all Knoxville High souvenir plates had been sold, but that the P-TA will take orders for another hundred. Orders can be left with Mrs. Wray in the school office, and no deposit is required. The profits from the sale of these plates will be divided between the P-TA's of the four new high schools.

The invocation was given by Dr. C. P. Hardin, pastor of the Church Street Methodist Church.

**Final Meeting Lit. League**

Under the sponsorship of Miss Isabel Butler, the last annual meeting of the Literary League was held in room 309, Tuesday.

After several announcements a play, "The Minstrel Show", was given. The cast included Mary Lee Rule, Jack Money, Ann Kemmer, and Jo Ruth Claiborne. Phil Robinson concluded the program with a humorous reading.

I am so blue.  
I may be stuck in school,  
An extra year or two.

**Around The Halls**

By Patti Batchelor

Only four more weeks of school, three for the lucky seniors, and then the whole summer to go in swimming or (happy thought) summer school.

Udey in Limelight

Charley Jean Udey, choir member, seemed to steal the spotlight on the return trip from Richmond. She was the inspiration for the compositions originated and sung by Pee Wee Wright and his Globe Trotters, conducted by Humphy Stansberry. The melody still remaining in their hearts, and pushing for first place on the hit parade, is "Udey, Udey, Udey, Oh What a Gal."

While investigating the recent disappearance of silverware from the KHS lunchroom, the F.B.I. found Jean "Sticky Fingers" Sutton to be an important suspect. When caught red-handed in her English class with the goods, Public Enemy Sutton refused to say anything on the grounds that it might tend to incriminate her. Accomplices in the crime, Patsy Eastery and Mildred Burros, are expected to be picked up any day.

Young Life Party

Carolyn "Slugger" Smith wishes to extend her apologies to Bill Hall who is recovering from being trampled during the Young Life party last week.

It's been reported that pledge to the Black Hats, Floy Nead, is worried about WHEN she's going to be initiated.

Alums Bill Horner and Buzz McReynolds, at home on leave, were seen around ye old halls last week.

Central

On a Sunday afternoon trip to the Smokies, three members of the Central High Hiking Club had a big time—they got lost. Most of the club returned to Gatlinburg while the search was on for the wanderers. Rose Butler told us all about it. She went on the trip with Eldon. The Centralites had to spend the night in Gatlinburg. No wonder you didn't make it to school the next day, Rose.

**WHO'S WHO**

By Diane Templeton

NANCY CROSSLEY

Dark brown hair, bluish-greyish-green eyes with orange spots, 5' 6½" describes Nancy Crossley, an outstanding Knoxville Junior. She hopped along with David Arnold as a cheerleader this year. She is a member of the Thespians and French club and had the honor of being nominated for Girls State.

Her favorite colors are green and white, as she was elected sweetheart of the "green and white" boys not long ago. Next comes red and white, cause she's a "dynamite" girlie, and then comes lavender, for no reason at all—she just likes it!

Her hobbies are finding time to have a hobby, writing letters and making designs (mostly on boys, she confesses). Her pet peeve is "people who try to talk me into doing something that I don't want to do," and her favorite songs are, "You're Mine, You" and King Cole's record of "Too Young".

Nancy plans to go to a New York modeling school after leaving U.T. After that, she would like to be somebody's wife and wants three girls (cheerleaders) and five boys (basketball team).

DAVID ARNOLD

Almost everybody knows David Arnold, "bottle blonde, hazel-eyed, 5' 7" junior at Knoxville High. He is one of the six cheerleaders that we saw hopping up and down at the football and basketball games during the past year.

Besides being cheerleader he is a member of the Spanish club and the "blue and gold" boys, which "natchery" makes his favorite colors, blue and gold! David comes from Christenberry Junior High and plans to go to Fulton High next year. Everybody must have a hobby and so David's is building model airplanes. His pet peeve is "people who won't speak to me when I speak to them." During the summer he spends his spare time swimming—his favorite sport. Tops on his song list is, "The Cry of the Wild Goose". (Maybe he's thinking of a close relative.)

David plans to be a lawyer, after leaving U.T., and (this will kill the David Arnold Fan Club) wants to be a bachelor! Oh well, that's what they all say.

Lots of luck to a swell fellow!

## Sproul on the Prowl

By Harvey Sproul

Congratulations to Don Jones, the only wrestler to represent the Knoxville YMCA's wrestling team in the recent meet.

Coach Charlie Moffett returned last week-end from the Kentucky Coaching Clinic. He could be contemplating a few changes in the present system and giving East High's opponents a big surprise next year. But you can never tell. . . .

Pfc. Jim Underwood, former KHS student, recently won the welter-weight novice title for the Sheppard Field team in the Red River boxing tournament at Wichita Falls.

Congratulations to Charlie Bales on his coming marriage. There's one consolation: Charlie will wear the pants in the family—they're too big for Norma.

It looks as if we're not going to have a tennis team this year. We've got the best five players in the state Robinson, Scruggs, Dupree, Neyland, Thomas, and Testerman. But there's no school from Bristol to Nashville that has tennis. Coach Bible says that he thinks he will try to play some of the military academies, however.

Tomorrow the 77th Kentucky Derby will be run in Louisville with some KHS students attempting to make some money. There are no outstanding favorites this year, but I'm going to make a prediction that the winner will be Battle Morn.

Spring football practice is still going on in most schools here in Knoxville. Many are playing practice games to determine what kind of material they'll have next year and to see what they'll be up against. Each team is allowed only two practice games during Spring practice.

We dropped baseball in favor of track this year. Most other schools in the State have baseball teams but few have track. It looks as if the major sports—football, basketball, and baseball—will soon crowd out the minor ones of tennis and track. KHS has always tried to have every sport and has done mighty well in all of them.

The East Tennessee track meet will be held tomorrow at Oak Ridge. Defending State Champions, KHS Trojans, will be there "with bells on". They're out after the last State Championship they'll be able to get. The first step is to win the East Tennessee meet over the ten or twelve teams who will be there. Only those men that place in their events tomorrow will be able to compete in the State Meet at Cookeville the following Saturday. Coach Sharp will enter as many men as he can in each event. The squad has been cut down to the best twenty men.

I stuck my neck out when I said that if we beat Baylor, you could just hang the championship on the Trojans' necks right now. Last year Baylor beat us by one point, the year before by one or two and the year before that by four. They always have a good team. This year we beat them by 33 points. Either they're much worse or we're much better. I'll take a little of both. In other words, we're better than last year and we're going to win the championship if the boys do as good as they can do.

A few predictions: Christensen first in the 100 and 220; Taylor second in the 440; Gamble second in the mile; Rhea and Cruze first and second respectively in the high hurdles with Rhea first and Cruze third in the lows; Miller second in the 880, in the 880 relay KHS will win; Hall first in shot put; Bayless first in the discus; Durand second in the high jump; McCowan second in the pole vault. I'll hate to check these after the meet.

## Edwin Taylor Is Honored; Hopes KHS Is State Champ

"I am greatly honored to be the last track captain of KHS. I only hope we can win the State Championship again this year," said Captain Edwin Taylor, who has lettered in track his three years at Knoxville High School.

Edwin's exceptionally good build of 165 pounds distributed over a 5 foot 7 inch frame has been developed from his junior high days on up. At Christenberry Junior, Taylor played basketball, football, and was on the track team.

### Continued in Sports

After arriving at KHS he continued in the same three sports. The first year he lettered in track and played on the KHS B-Team. The next two years he lettered in both track and football, and this year he also lettered in basketball, making him a three sport letterman.

Eddie was on both the 880 and mile relay teams that won first places in the State meet last year. He was All-City wingback in football.

He says he really has no definite preference to any one sport.

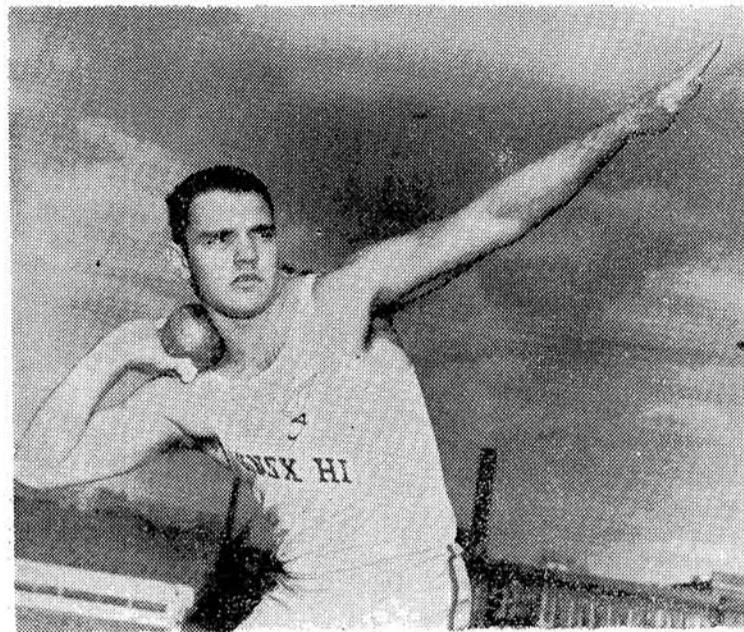

Thinks KHS Can Win  
Concerning the State track meet, "I think we can win it." Again this year he is running on the 880 and mile relays and winning firsts regularly in the 440 yard dash.

He kind of figures on going to college somewhere and continue his sports career, but he hasn't yet figured where.

### Prospects in Future

When asked from whence all of his boundless energy, he said that it must be from his favorite food—chili.

## Beat Two Teams In Preparation

Tomorrow will see the finest teams from all over East Tennessee battling it out trying to dethrone Knoxville High School from their East Tennessee championship spot.

High School teams will meet at Oak Ridge to fight it out for this honor. KHS is rated right at the top of the list, because of the fine material they have shown in their last outings. Coach Sharp has developed the bunch of mostly inexperienced boys into a smooth working unit.

This meet promises to show what can be expected when the best teams in Tennessee get together at Cookeville for the State Meet. Since the Trojans are the defending State champions, they will be fighting hard to retain that title.

### KHS Defeats Baylor

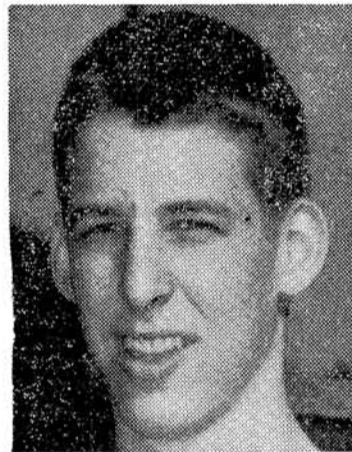

As preparation for the E. T. Meet the Trojans rolled over a hapless Baylor team 80-47. Buddy Rhea, as usual, took the high and low hurdles. Taylor won the 440, Carter Miller the 880, and George Christensen the 220. Team won the 880 and mile relays.

### Trojans Top Ridgers

Still going strong, Sharp's boys scored 84 points to Oak Ridge's 47 and Chattanooga City's 36 in a three way meet.

Rhea was the high man, sweeping the high and low hurdles and taking a second in the broad jump for 13 points. "Flash" Christensen took the 100 and 220 yard dashes and ran on a winning relay team. Phil Durand, John Hall, and Jay Bayless took firsts in the high jump, shot put, and discus.

## UP'N ADAMS

PHIL DURAND

JAY BAYLESS

I guess most of you that looked at Saturday's sports page were inspired by the two handsome, intelligent looking athletes from KHS. At the top is Phil Durand, high jump star for Sharp's thin-clads and future Olympic material. On the bottom is Jay Bayless, leading contender for the world discus title, also one of Sharp's boys. All kidding aside, these are the lads that led the Trojans in the field events during the dual meet at Chattanooga. Keep it up boys, you're doing swell.

Buddy Cruze just can't get the State Basketball Tourney out of his mind. With all those high school students here for the Student Council convention Buddy was hanging around the front door looking for somebody from Selmer to walk in. Wonder what was on his mind?

## 'The Great Waltz' Is Today's Movie

By R. G. H.

Attention, ladies and gentlemen!  
 This is a review of the movie, "The  
 Great Waltz," to be shown in the  
 Knoxville High School Assembly  
 Hall today.

This picture gives the life and  
 loves of Johann Strauss, Jr., the  
 original "king of the waltz", who  
 was born in Vienna.

Johan Strauss, Jr., was discour-  
 aged by his jealous father from  
 any musical accomplishments.  
 However, he studied secretly and  
 soon his talent was recognized.

In the movie his adult life is  
 shown during the time when his  
 orchestra is known throughout  
 Austria. He is married to a lovely  
 young woman who stands by him  
 throughout his triumphs and de-  
 feats.

A beautiful operatic star enters  
 his life—she is to sing in one of  
 his concerts—and they fall deeply  
 in love.

Through the discretion of his  
 wife, and by use of his own wis-  
 dom, a tragedy is averted.

The musical background is the  
 work of the "king of the waltz".  
 It includes such pieces as "Tales  
 From the Vienna Woods" and  
 "Wine, Women, and Song".

With the showing of this movie  
 the Assembly Hall Theatre will  
 conclude its winter season. The  
 theatre is not expected to re-open  
 next fall as there will not be many  
 students to attend. It is hoped  
 that similar theatres will be con-  
 tinued in the new schools to bring  
 great literary classics to life be-  
 fore the students of Knoxville.

"Improving Government  
 Through Leadership", given by  
 Wesley Frazier, will conclude the  
 student speaking. Wesley will take  
 into consideration the present con-  
 ditions of the Government, attempt

 artistic touch to the program.

## Mary Harris Tells of DE Convention

Convention time again for D-E  
 students from all over these  
 United States! D-E students came  
 pouring into Tulsa, Oklahoma, in-  
 cluding this Tennessee Hill-Billy  
 who was thrilled to death to be  
 among the crowd.

Mr. Murray, official sponsor  
 from Central High, Jerry McDon-  
 ald, Tennessee State president  
 from Central, June Kenny, dele-  
 gate at large from Kingsport, and  
 I left Knoxville Friday, April 23,  
 for Tulsa.

As we drove across Arkansas, it  
 was interesting to see many people  
 fishing in the streams while on  
 practically every log along the  
 stream there were turtles.

As we neared Oklahoma, and  
 saw the oil derricks appearing on  
 the horizon, I was quite thrilled.  
 It was my first sight of them. Sun-  
 day evening we had the first social  
 meeting and on Monday we put  
 our Club Display—a map show-  
 ing the different clubs all over the  
 United States.

On Monday talks were made by  
 students and experts on how the  
 public, the store owners, and the  
 students all profit from Distribu-  
 tive Education training. The usual  
 business meetings for nominations,  
 etc., were held. Monday night all  
 had a marvelous time at an "Ole  
 Fashioned Hoe-Down".

### Accidents Will Happen!

Since a trip isn't complete with-  
 out an accident, I fell down the  
 steps—don't remember where—  
 and came to somewhere, waiting  
 for the doctor!

We voted for National officers  
 of the D-E Club. Interest was  
 high—I still have a cigar from  
 the occasion!

### Sight-Seeing

In buses we were taken to see  
 the sights of the town in an of-  
 ficial manner. Such a beautiful  
 city, and one so young is proof of  
 the culture that America's newest  
 cities are fast developing. The In-  
 dian history shown in Oklahoma is  
 fascinating.

### Banquet

The convention banquet was held  
 Tuesday night at the Hotel Tulsa.

will in turn award the diplomas  
 assisted by Mr. Evans.

Honors conferred upon members  
 of the graduating class will be  
 enumerated by Mr. Evans.

## MORE ABOUT SC REGARDS

(Continued from Page 1)  
 The highlight of the square dance  
 was a folk dance led by Mrs. Payne  
 and Coach Jones.

An amusing incident occurred  
 concerning the banquet Friday  
 night.

A dean of girls at an Oak Ridge  
 school somehow became confused  
 and attended a banquet at the  
 Fifth Avenue Baptist Church.

This woman came in and sat  
 down at a table. She looked around  
 and told the person next to her,  
 "Why there's plenty of room here.  
 They told me they had all the  
 reservations they could take."  
 After sitting there a while she  
 asked, "Where is Miss Galbreath?"  
 A little later she asked the person  
 next to her, "Do you think it would  
 be all right if I stood and looked  
 for her?" She stood and not see-  
 ing Miss Galbreath commented,  
 "Poor thing, I imagine she was too  
 tired to come."

When this dean found out where  
 she was, she lit out for the TASC  
 banquet, blushing with shame.

Well, the convention was noth-  
 ing to compare to the racket being  
 raised when General Mac came  
 home, but we sure had lots of fun  
 anyway.

Wednesday saw the end of the  
 business and fun, although on our  
 return trip to Knoxville we saw  
 more "sights" including the largest  
 gun collection in the United States,  
 placed in the Hotel Mason near  
 Claremore, Okla.
