

HORACE CONNELLY TO CAPTAIN '25 FOOTBALL SQUAD

"Lobby" Julian Is Alternate Capt. and Harry Ludlow To Be Student Manager.

Yesterday morning the "K" club met to decide who should lead the team for the 1925 season. The election was between Horace Connelly and Lobby Julian.

In the run off Connelly was given the job as leader of the team with Julian as alternate captain. Connelly has been a member of the squad for three years, earning his letter last year for the first time as a regular guard. This year he was one of the outstanding players on the team, always into every play, great on offense if a hole is wanted in the opposing line. On the defense few plays get by him and none over him. "Lobby" Julian is also a second year letter man, receiving his letter last year as a half but at the beginning of this year he was tried at quarter where he more than made good. Lobby possesses unusual speed coupled with excellent headwork, which is essential for a good quarterback.

Harry Ludlow was given the job as the first student manager the school has had. As his assistant Harry Paylor will be there to bear his share of the burdens. Both Ludlow and Paylor are loyal fans, following the team on all of their games for the last two years.

Mrs. Pritchett entertained the entire squad last night while the annual football banquet will be given at the civic building tonight. As has always been their custom the Kiwanis Club will banquet both the K. H. S. team and the Red and Black from County. This banquet has more than anything else helped to create a better spirit than ever before.

Orr Twins Again Cop High Awards At Poultry Show

Knoxville High School was represented in the Nashville Poultry Show, one of the largest poultry shows ever held in the South. The school was well represented when James and Price Orr, already famous for their chicken raising, sent four plymouth rocks to the Show. Each of these received a first prize. Besides these a cock, cockerel, hen and pullet was sent to the show and they will receive a special cash prize for them.

The sixteen year old twins have quite a reputation in this section for raising chickens as they have been raising purebred fowls for three years and have copped many prizes at the East Tennessee Division Fair. Both are sophomores in K. H. S.

FRIDAY, Dec. 19.—Theatre party, Bijou Theatre.

MAJOR PRAISES SCOTTY & TEAM

Calls Paul Scott "The Strongest Hearted Captain in the United States."

In athletic chapel yesterday Major Stephenson said in presenting commissions to Paul Scott as Captain, and William Robertson as 1st Lieutenant and battalion athletic officer:

"It is hard to express my feelings in words on this occasion. I might do it in this way:

"If my country should ever again need me in time of war, I could think of nothing more wonderful than to have the privilege of leading into action a battalion or regiment made up of just such men as compose that little band of warriors we know as our own Blue and White football squad.

"A boy who can inspire a football team with loyalty enthusiasm and a determination to win will grow to be a man who in event of a national emergency could lead a company or battalion or a regiment to victory on the battlefield.

"The thing that gave us national prominence in football last Saturday was something which was invisible—it was the spirit within the heart of every member of our team. It was the spirit with which the French immortalized the watch-word of Verdun, 'They shall not pass'.

"It was the spirit of the American Doughboy.

"It was the spirit which enabled our own big brothers, your uncles, your cousins of the 30th Division to break the Hindenberg line.

"It was the spirit which is contained within the walls of a strong heart.

"I have been selfish in withholding for myself the honor of presenting this commission of Cadet Captain to the strongest hearted captain of the strongest hearted football team of the United States"

Mr. Hendrickson Is Kept From Meet By A Serious Illness

Professor J. N. Hendrickson, head of the commercial department of Knoxville High School, was prevented from attending the Southern Commercial Teachers' Association which met in Atlanta, Georgia, during the Thanksgiving holidays, by a serious illness. This was a great disappointment to him as he had been appointed State Chairman of the High School section for the State of Tennessee. However, he is planning to attend the National Commercial Teachers' Association which will meet in Louisville, Kentucky, December 29, 30, 31.

B. & W. AUGMENTED BY STAFF ARTIST

Allen Tonkin, Former P. C. L. H. S., Student to Do Chalk Work for Paper.

The search for a staff artist by the Blue and White has at last been rewarded by the discovery of Allen Tonkin, a former Park City Lowery student, in one of Miss Grainger's art classes.

Allen, though a wizard with the brush and crayon had never tried his skill at cutting out chalk plates prior to his offer by the Blue and White, but with the determination and confidence which characterizes staff members, he stated that he knew he could do it, and he did, as is evidenced by the crossword puzzle which appeared in the last issue and a diagram of the school to be used parents night.

Many original and forceful cartoons may be expected on the pages of your paper in the future as a result of the addition of one of the most valuable members of any newspaper organization, the cartoonist.

STIVERS BOYS ARE THRILLED

Make Mad Rush to K. H. S. For Glimpse of Southern Beauties.

By Don Paine

The Stivers sheiks had an exciting time at K. H. S. Friday.

Stivers High brought twenty-five letter men here last Friday and they came immediately up to school, not to see coach, not to see their opponents, but to see the Tennessee dames.

Within fifteen minutes after they arrived, they had dates with over half the girls in school, for Saturday night; only one of which was filled. The rest went to Whittle's to the dance. We hope the girls didn't feel hurt if their date didn't arrive Saturday night.

Five of the boys went into Mr. Parker's geometry class and one being a geometry shark, got to working the problems on the board, while the other four sat talking to the girls.

Pat Duffy, the sheif of the backfield, seemed to have made quite a hit, especially with some of the staff members.

They seemed to enjoy going to the rooms and kidding the teachers and the girls. The girls enjoyed having their pictures taken with them and going out riding. One of the girls is expecting Big Supenski in her stocking for Christmas. We hope they had a good time, but they were the worst surprised bunch you ever saw Saturday.

P. S. Their taste in shirts is hot stuff.

ALL HAIL CONQUERING HEROES

All hail to Erwin High School, one of the hardest fighting teams in the state, East Tennessee football champs, by the right of unconquered heroes, and the only team in this section who came through the season with a clean slate.

K. H. S. IDEALS

Knoxville High School's efforts to serve society are governed by the following seven ideals. Are you getting them? If not you are missing something which is rightfully yours.

- Physically Robust
- Mentally Strong
- Politically Sound
- Domestically True
- Vocationally Correct
- Morally Brave
- Spiritually Deep.

BLUE AND WHITE SEVEN ORGANIZE

Orchestra Has Promising Future; Six of Seven Attend K. H. S.; One Graduate.

A private orchestra of seven pieces has been organized, chiefly composed of High School students. It is known as the Blue and White Seven. Six of the seven members of the orchestra are High School students, and Ruby Greene, the pianist, is a graduate of K. H. S.

This orchestra has engagements for the opening of several new drug stores, restaurants, etc.

Anyone who wishes to engage this orchestra can do so by seeing James Mallicote, the manager.

The orchestra practices over the People's store on Gay street and all High School students are welcome and even urged to come in some day and hear them.

The personnel of the orchestra is as follows:

- Ruby Greene—Piano.
- Richard Russell—Trombone.
- William Flenniken—Trumpet.
- Andrew Isenberg—Saxophone.
- Gordon Tolbert—Saxophone.
- Mims Thompson—Tenor banjo.
- James Mallicote—Drums and Traps (Manager).

COUNTRY TO BE FORESTLESS IN YEARS TO COME

200,000 Acres Destroyed In Tennessee Last Year Observes H. N. Wheeler.

By Mary MacWilson
Mr. H. N. Wheeler, under the auspices of the State Forest Reserve (which is headed by Mr. R. S. Maddox) and indirectly under the U. S. Forest Reserve, is here and throughout the state this week making pleas for the preservation of forests.

He tells us that the countries that are decadent are the ones which neglect their forestry, — countries like Persia, and other Asiatic places. "How can we hope for our state to prosper if we ruin it by not advancing our interest in trees?" he asks.

We couldn't live without wood, for we are buried in wooden boxes, which are shipped here in wooden box cars, which is run over tracks that have wooden ties, etc. About 25 per cent of our silk goods are made out of wood.

Because of the neglect shown the forests, Mr. Wheeler says that unless something is done immediately that in a few years the country will be forestless. Men are, at the present time building trails over the country in the forests to help prevent the disastrous forest fires. Many towers are being erected throughout the forests so that the observer can keep in closer touch with the troubles.

Only this last year, he tells us there were 200,000 acres destroyed in our own state by fires.

One of his last remarks was that the reason Washington, D. C. was the most beautiful city in the United States was not the imposing buildings, but of course it had them, but because of the tree lined boulevards.

All the way through his illustrated lecture one could read his sincere interest in the preservation of the forests and his desire for all citizens to feel as he does.

Parent-Teachers Membership Drive Very Successful

The Parent Teachers' Association has been very successful in the new membership drive there were thirty-eight new members.

Mr. Albert from the Water Department, gave a fifteen minute talk on Water Bonds, discussing the present condition of the water works.

The remainder of the plans of the Students' Loan Fund were put before the Association and decided upon, and Mrs. Gaston showed the certificate given to the contributors.

The plans for the future programs will be discussed next month.

Volley Ball Starts In Girls' Gym Class

The volley ball season has just started in the Gym and the work is going forward with all enthusiasm. The First Period Monday played the Third Period Monday and beat them 37-30. Then the Second Period tied with the Fourth Period Tuesday 32-32. As a result of this tie another game will be played in the Gym on Friday. The winners of these matches will face each other on the court next Tuesday. On this same afternoon the First and Third period Tuesdays will play

FEAT OF KNOXVILLE HIGH

The following editorial appeared in The Knoxville Sentinel of December the 8th, with the above heading.

Mark up another record on the score-board of fame for the 114 per cent city.

The Knoxville High School eleven held the Dayton, O., high school team, the national champions, to a 7 to 6 count Saturday.

Think of it! The Knoxville High team came within one point of equaling the champions in their class for the entire country.

It was an exhibition of the clean-cut, high-class and virile sportsmanship of young Knoxville that should rival our population gain in placing our East Tennessee metropolis before the country.

All honor to the sturdy, courageous and determined team which, under most inclement and discouraging conditions, fought their way to the verge of victory over the strongest gridiron high school eleven in the country.

AMERICA

The spectacular and thrilling photoplay, "America", one of D. W. Griffith's most famous presentations is to play a return engagement at the Queen Theatre in the near future. No high school pupil who did not see the love of tender girlhood, the passionate deeds of heroes, and the educational qualities which this film embodies, while showing at the Riviera, should miss this opportunity, which will be well within the means of every boy and girl in K. H. S.

Mr. Wheeler didn't say anything about not letting the "flaming youths" run wild through the forests.

We also find an account of a burning rabbit starting a forest fire in New York. If you see any, don't hesitate to smother it.

The Spectator

Evelyn M., what was it on top of your Kitchen Cabinet that the mice got in last Saturday night? Did they hurt 'em?
— K —

Ruth B., was that a graceful dance you were doing Saturday night, called "wringing the dish-rag?" And did you stop when the lights went out?
— K —

Zetty, we think your little Porter is simply adorable. Why don't you bring him out oftener and show him off?
— K —

Vera, you had rather a strict chaperone last Friday, during the fourth period, didn't you?
— K —

Rich Yule and Pat Duffy, the two opposing sheiks, didn't look very sheikish at the game, did they?
— K —

From all reports, somebody up in the grandstand almost had to be given camphor when Greasy got hurt Saturday. But don't anybody tell him, because he's bashful.
— K —

Willie Evelyn, could you or Audrey, give us any information as to where Messrs. Seaton and Widlers were last Sunday afternoon? Were they lost?

Ginger, you'll have to choose quickly now. Which shall it be: a blond J. or a brunette D?
— K —

Owen, did you fall on a banana peeling after Vera and Mary, or was it Jello, ole deah?
— K —

We're glad to announce that a new piece has been secured by the Eighth Period Dancing Class and although we're not real sure what the name is, it positively is not Dreamy Melody.
— K —

Dot, what was that you had in that candy box Saturday night—was it by any chance a—?
— K —

Early Miller, if you're not careful you're not ever going to be able to look straight ahead again, that is, if you don't stop star-gazing at the Captain of A. Company.
— K —

Gene, you and "Hay" are not very wise to put off this Important Event until after Christmas. We've always heard it's cheaper to marry 'em, than to buy 'em a Christmas present.
— K —

Two new styles have been introduced to Society (with a big S) of High School. E. C. Camp and her er—er—er, well, flowered garment—with the collar, and Mary MacWilson's blanket apparel.

Russell Zemp To Dance As Special Feature At Bijou

As an added attraction Friday at the Bijou theatre, Russell Zemp, a member of the Blue and White staff, will dance between the acts. Russell, who is famed throughout the state by her graceful dancing, was secured by the Blue and White, a means of expressing their appreciation to the management for the theatre party which they made possible, and which will be attended Friday, Dec. 19, by the staff and publication council.

— K —

Jim: "Say, boss, I heard you were sick last week."

Boss: "Yes, I was; I had the new disease called "clothing sickness."

Jim: "Whaft on earth is that?"

Boss: "Well, I had a coat on my tongue, and my breath came in short pants."

BLUE AND WHITE SUFFERS GLORIOUS DEFEAT AT HANDS OF CHAMPIONSHIP STIVERS TEAM BY SCORE OF 7 TO 6

Connor, Horne and Bennett Play Wonderful Game Against Heavier "Orange Crusher;" Captain Otto Stars for Victors.

If it had not of been for the unintentional mistake of one of the officials in the Stivers game the national crown would rest today on the brow of the Fighting Blue and White. In the last quarter with the score favoring the locals 6 to 0, Connely was put out of the game and the team was penalized half the distance to the goal for slugging; added to this came a five yard penalty for offsides. This placed the ball in striking distance of the goal. With but two yards to go and first down, the Orange Crusher three times hit the line in vain; on the last down Otto went over for the six point marker with a scant inch or two to spare. They made good their try for the extra point and the game ended with them holding a one point lead.

The penalty which led up to the scoring came in the last quarter after the K. H. S. squad had led since the first quarter. Afterward Joe Cox, who opposed Connely, in a written statement said that at all times Connely played a clean game. Members of the visiting team that night said that they would have never scored had it not been for the penalty.

In the opening quarter two blocked punts in succession gave Captain Scott the opportunity to make the touchdown for the locals. Until there was but a scarce two minutes left to play, the lead was held. When the Stivers finally did make their score it was six all with the victory or defeat resting on the toe of Garbler.

One of the main features of the game was the way Conner handled his much larger opponent. There was more than twenty-five pounds difference between the two, but time after time the orange backs were thrown for a loss by this center. More than one fumble was recovered by him when the Dayton team had started a terrific drive. The rest of the team was not to be out-done in the stellar line. On nearly every play that came around his end Roy Horne broke through the far famed five man interference to throw the orange machine for a loss. Ed Bennett played the best game of his career. He covered punts excellently and was in nearly every play.

Captain Otto was the outstanding player for the visitors, making

as much yardage as the rest of his team put together. The much expected punting duel failed to materialize as Greer outdistanced his opponent on every effort.

The field was ankle deep in mud which hindered the faster K. H. S. team from making many gains that would be made if the field had been dry. The much heavier Ohio team however found more than a match in the Blue and White.

Saturday was the closest in three years that the claimants of the national title have come to being defeated. They admitted themselves that it was the hardest game in three years that they have run up against.

Latin Club Gives Christmas Program

On December 18 a special Christmas program will be presented by the Latin Club. This announcement is being made in plenty of time so that you can one and all plan to postpone your late shopping until the next day. The different Roman Holidays will be discussed.

FOOTBALLERS AWARDED "K"

Yesterday in-chapel football letters were given out to each man who has played in twelve or more quarters. Twenty four men were awarded the reward for his playing. Of the twenty-four it is hard to say just how many will return next year. Foust, Conners, McTeer, Bennett, Sharpe, Bob Horne and Julian are certain to enroll under the Blue and White colors next year. While Connely, Greer and White are expected back.

Of the number receiving letters Cockrum is the only man who has for four consecutive years worn the blue jersey. Captain Scott heads the list of three letter men followed by Rich Yule, Mark Franklin, Frank Long and Greasy Greer. Julian, Roy Horne, Robertson, Connely, and White were letter men last year while Pritchett, Daniels, Sharpe, Bob Horne, Bennett, McTeer, Earnest Franklin, Tripp, Johnson, Conners, Allison, Hunter and Foust have just completed their first year as a football letter man.

YOUR LETTER

I read each letter that you send
With cheeks aflame,
And when I come to the letter's
end,
I kiss your name:

And next to my heart your letter,
dear,
Lies 'til the day is through;
Beneath my pillow all the night
It brings me dreams of you.

wood, Eunicia Seymour, Arpie
Spencer.

K

"2B or not 2B", said the shoe
clerk as he fitted the shoe on her
foot.

Reed Sterchi: "Do you stir your
coffee with your right hand?"

Tab Sterchi: "Of course I do."

Reed: "Well, that's peculiar,
most people stir their's with their
teaspoon."

The Stivers boys said they didn't
come to our school to see the team
or the teachers, but to investigate
the rumor about Southern beau-
ties. They afterwards said the
rumor was fully justified. We
thank you, Stivers.
