

## INCREASED MILK SALE IS RESULT IN LUNCH ROOM

Of Campaign for "Nature's Perfect Food" Says Miss Conway in Interview.

Lean ones, tall ones, fat ones, short ones, all are thronging around the milk counter at lunch. Miss Conway ordered 450 bottles of milk Monday, but there was such a demand for it at the lunch periods that she ordered 475 bottles for Tuesday. Still the demand for "Nature's Perfect Food" increased, and 500 bottles were ordered for Wednesday. Knoxville High School should certainly be noted for its increase in "avoir-du-pois" after this Milk Campaign is over.

Many a plump person who is living on a well regulated diet, has caught the Milk fever and has broken his diet to enjoy this enticing beverage. While on the other hand, those unfortunate students who are considerably lacking in flesh, and are regularly accustomed to purchasing milk, have been doubling their orders for this drink this week.

Is it any wonder the milk sales are increasing?

K

## THINKS B. & W. IS OF SERVICE

Only Recompense Staff Members Receive Is Appreciation of Students.

By Marion Spears

About the most important factor in every large high school is its paper, because it keeps the students and faculty as well, in close touch with one another. It is an advertisement to the school. It promotes loyalty among the students and tells strangers what sort of school ours is.

In back of the paper is the stuff which makes the paper what it really is.

In our high school the staff of the Blue and White has probably done more for the school in general than any other of its organizations.

In a period of three years it has built up one of the finest school papers in the South, and perhaps one of the best of any high school of its size in the country.

The staff members work long and patiently and the only recompense they receive is the approval and appreciation of the students and readers.

In my opinion this is the organization we could least afford to do without, and it is one in which the school should take great pride.

K

## NOVEL LATIN PROGRAM PRESENTED BY PUPILS

By Burnett Conway

A Latin program arranged by Clyde Bowles and Burnett Conway was enjoyed by Miss Galbreath's 1-B class Friday.

The pupils regretted very much that owing to duties in the office, Mr. Evans was unable to accept their invitation to be present. The program opened with a Latin song "America" by the class. The names of the chief Olympic Gods and Goddess were then given by Arpie Spencer.

Short stories of Jupiter and Juno were then given by Paul Foge and Margaret Levey. The many uses of Latin words in Algebra were explained by Josephine (Continued on Last Page)

## Parent-Teachers May Pay For Piano At Last By Proceeds From Famous Players

### NO RIFLE MATCH FIRED WITH U. T.

Riflemen Decline Challenge From More Youthful Opponents; Team Disbands.

The University of Tennessee R. O. T. C. has declined to accept the recent challenge for a rifle match to be fired between teams representing that institution and the High School.

This is the first time for several years that such a match has not been fired.

The High School Cadets have defeated their older rivals in all of the previous matches.

The gallery rifle team has been disbanded for the season. Work has begun in preparation for rifle practice on the outdoors at Camp Sevier, near Fountain City.

The use of the State Range has been requested and it is planned to utilize the Saturdays of April in putting the Cadets of the Junior and Senior Classes through a regular Army course of firing with the service rifle.

A number of applications have been received for attendance at the Summer Training Camps. Special credit is given by the Government for R. O. T. C. training in the Corps of Cadets. A Cadet who will have had two or more years R. O. T. C. training at the end of this school year will not be required to take the Basic Course at the C. M. T. C. He is eligible for enrollment in the Red Course at his first camp.

K

### CONCERT TO PAY FOR NEW DRUMS OF BAND

The new drums which have been delayed for so long have at last arrived and are being used by the R. O. T. C. band. Mr. Crouch distributed four snare drums Monday to Mallicote, Millen, Wade and Ellis. The bass drum is being prepared and will be delivered soon to Denny Hamilton, for use in the band. The four snare drums will be used in the Drum and Bugle Corps when it is organized. Besides these a large snare drum is ordered for Howard Johnston who is to lead the Drum Corps.

These drums are very expensive. The Band hopes to pay for the drums and other new instruments from the proceeds of the annual R. O. T. C. concert. The tickets will go on sale soon. Two new batons have also been ordered for the use of the Drum Majors of the Drum Corps and of the Band.

K

### EVELYN MAY PRESIDENT MISS MARKWOOD'S GROUP

We had our group election this week and the following students were elected: Evelyn May, president, Paul Lawson, vice-president, and Charles Lobetti, group reporter. Our group made a good percentage this month and every student is doing his best to make a still higher one next month. In order to make it a higher percentage we have started a contest and calling ourselves Blues & Whites. James Mallicote is captain of the White side and Rudolph McGoldrich captain of the Blue side. Charles Lobetti, reporter.

### EXCHANGE EDITOR KNOWS BUSINESS MANY SCHOOLS

Trula Brantley

Last week in the Blue and White appeared the picture of Ruth Babb, staff secretary. It was stated that she held a position which required much work and got little if any recognition.

Today we have Trula Brantley, exchange editor who also has a position which is little recognized, though her tasks are many.

Trula reads the many papers received in exchange and gives you through our "exchange column" the interesting happenings in other schools. She also has the responsibility of seeing that over one hundred schools receive a Blue and White every week. It will be no easy task to choose a successor to Trula.

K

### Rose and Silver to Be '25 Class Colors

The official colors for the Class of '25 are rose and silver with which pink roses will be worn. This was decided by a vote of the Seniors at their regular Class meeting last Friday.

A committee composed of Margaret Fuller, chairman, Ruth Duckwell, and Allen Tonkin submitted three nominations. These were rose and silver with pink roses, blue and gold with yellow roses, and violet and white with violets. The result of the election was:— rose and silver, 138; blue and gold, 64; and violet and white, 20.

K

### BEG PARDON

If any Blue and White subscribers who have already paid for their paper receive letters requesting that they pay we beg your pardon as errors will get by. These people who have not their receipts may get them by applying to the Blue and White representative in the lunch room.

K

### CALENDAR

- MONDAY, March 30.—Band plays in Chapel.
- TUESDAY, March 31.—Mrs. Isley will present picture of Francis Willard to K. H. S. Meeting of Dramatic Club.
- WEDNESDAY, April 1.— Girl Reserves meet. Dr. Hamilton will talk in Chapel on the play "The Rivals."
- THURSDAY, April 2.—Meeting of Hi-Y Club. Voice staff in Chapel.

### ENTERTAINERS OF WORLD FAME WILL PLAY NEXT THURS.

Swiss Bell Ringers Have Toured Seventeen Years With But One Change.

The Georgette's Famous Players better known as the Swiss Bell Ringers, will give concerts in the Knoxville High School auditorium: matinee and evening on Thursday, April 2, under the auspices of the Parent-Teachers' Association.

Mrs. Logan Reid was very fortunate in obtaining such an engagement in this season. The money is to go, it is hoped, as the last payment on the grand piano that the Parent-Teachers' Association gave to Knoxville High School in 1923. The P. T. A's have made many successful attempts at raising money for the payments and the association is due the cooperation of the students.

This program will be a treat for Knoxville because "Georgette's Famous Players" of Musical Novelties and Swiss Bell Ringers are the oldest independent attraction now before the public.

The company has toured seventeen successive years with only one change in the personnel of the company. The Swiss Bell Ringers rank among the artists of the world. They have been received in the most famous theatres of Paris, London, and New York.

The matinee price is to be 25c, the evening, 50c for adults and 35c (Continued on Last Page)

### INTER-CLASS BATTLE FOR SCHOLARSHIP ON

At last in Miss Eager's group we have something to keep us awake. To make a long story short we have challenged Miss Beard's group to scholarship battle. Both groups are out for the others skin and, sure as a Ford car makes a racket like John Bush's snoring, it is going to be a heated war. Woe, to the losing group for it has to treat the other to an ice cream treat. The rules are as follows: the group which shows the greatest improvement is to be declared the winner. This understanding was made by Miss Beard and she sure ought to win that cream because Miss Eager's group's average for this month is 2.30 and Miss Beard's is 1.88. Therefore it is easily seen that the average of 1.88 is easier raised than 2.30.

Harry Callaway comes to the conclusion that if we lose to Miss Beard's group we should again challenge them to see which group can go the longest without eating cream.

Oh, well, these teachers are always thinking up some way to make poor us study more.

James Cagle.

K

### OFFICERS ARE ELECTED MISS GALBREATH'S GROUP

Miss Galbreath's group elected officers on Friday, February 20.

We elected for our president, Charles Cullen; Blue and White reporter, Marie Curtiss; and for Red Cross representatives, Viola Creekmore and Ruth DeFord. Marie Curtiss, reporter.

## JOURNALISM MUST BE PART REALITY SAYS PROF. PAINE

Reorganization of Education In General Is Piecemeal Process.

"Reality is more than the study of modern journalism," was the opinion of Prof. Russell Paine expressed in the March issue of the English Journal. Under the title, "Journalism and the 'reality stimulus'" he tells how he took the class in journalism with absolutely no experience himself and attempted to introduce ideas in his class that he thought were perfect and would work all right but the boys and girls seemingly cared nothing at all for the work.

Journalism students are no exception to students in general. They seem to take no interest in the work. The average pupil gets his work so he will scarcely pass and then only because his teacher requires him to. In journalism "you must write to please the teacher and pass the course" seems to be the opinion of the students.

When assigned certain tasks (Continued on Last Page)

## GIRL RESERVES GO TO VIRGINIA

Pollyannas Are Pursuing Many Methods In Raising Money For Representatives.

The Girl Reserves are planning to send two girls to their conference which is to be held in Virginia.

It will cost about eighty dollars to send the two and they have given several candy sales and are planning a rummage sale for Saturday. Early Miller gave a benefit bridge and rook party at her home, and Ceil Chavannes a St. Patrick's party at her home last week. The proceeds of both of these will go towards the fund. At a recent meeting fifty girls pledged to earn two dollars each to help raise money for the expenses of their representatives. Martha Briscoe was awarded the prize offered by Kitty Lee Trainum to the first girl who earned her two dollars.

A membership campaign is to be put on and at the last meeting Mary Lester Pullin and Ceil Chavannes were elected captains for the two sides which will each try to get the most new members.

Any girls who want to join the Girl Reserves may come down to Mr. Northcutt's room next Wednesday after school.

K

## NEW PROSPECT FOUND FOR TRACK AND FIELD

It seems that our faculty has again taken up athletics. Even the ladies are participating this year. However, their favorite seems to be track. High jump, broad jump or whatever you may call falling through or off boards.

Miss McClanahan was inspecting a new house last Sunday and suddenly she thought that she had come to the place where she could make a beautiful jump and off she went. Falling off the board on which she was walking.

Now, had she been in the track meet, we are sure she would have taken first prize, but as no one was there to witness this graceful tumble, we hope she was only practicing and that Coach Long will get her for his track team.

## HARD BUT FAIR

Spring is here! The season when our hearts are supposed to turn to love, those of us who have not turned that way already. The season when a rippling brook runs across the pages of our text and a myriad of flowers supplant the geometry figures on the board. The bard will sing his song in tune with the robins and the wrens about this time o' year. All of these turns constitute that well known and fatal malady "spring fever" which is getting so evident in K. H. S.

But sorry to relate we are not credited with how ardently we can love, however unjust this may be, nor do the teachers take into consideration our imaginative powers when they start grading reports. Miss Bewley or Miss Arants might give us something for writing verse but all of them won't, so the only thing left to do is stick it out, and though it's hard to do, keep our eyes open for a couple of months more.

## FOR FUTURE USE

One very valuable key to success is perseverance or stick-to-it-tiveness. When once a thing is done it should be finished before another is begun. Did George Washington, Abraham Lincoln, Thomas Edison or any of the really great men begin one job and take up another before finishing the first one? No, they "stuck to it" until it was completed to a successful end.

Although your work, now, is apparently much smaller and of much less importance, you should learn while in high school to have perseverance. In your lessons you should stick to that play until you learn to master it. Could High School have had as a good football team this year if the boys had not "stuck to it" until they mastered all of the plays? Follow their example in everything. Learn it while young for perseverance is one of the big rungs in the ladder leading to success.

Taylor & Shetterly are going to move, but Tom Wells is still located at Third and Central.

Flowers will run a good race against Esperanto as a universal language if many more things are found which can be said in that language. The latest are "hello", "good-bye" and a few others.

The "milk for health" campaign may build us up but how about the poor old cow?

Another use has been found for radio. A lovelorn Georgia student hanged himself by a radio wire a few days ago because her mother wouldn't let him see her.

## R.O.T.C. Bulletin

Orders No. 34:

1. Cadet Second Lieutenant Earl Baker is relieved from duty with "C" Company and appointed Assistant Adjutant.

He will report to the Battalion Adjutant for instructions.

2. Cadet Sergeant James Ogden is relieved from duty with "A" Company and appointed Cadet 2nd Lieutenant "C" Company, vice Cadet 2nd Lieutenant Earl Baker appointed Assistant Adjutant.

Recruit: "An Ingersoll, sir."

## The Spectator

By Miss Fortune

Did Owen accept your apology, Eloise? The stairs were so dark we couldn't see.

— K —

We would like to ask Laura R. why he didn't catch Gladys when she fell down the steps last Friday?

— K —

Virginia, somebody told us that just anytime they passed the filling station you were there getting gas. How about it?

— K —

Cecile, honey, did you have a good time Saturday? And say, Hi School student body, who is Mr. Tallent?

— K —

Zeddie, what were you hunting when you (and others) took that other road Saturday night? Aren't grave yards and butcher knives adorable?

— K —

Tab, have you still got your basket-ball medal? Or did you leave it out on Kingston pike?

— K —

Well, the Voice has gone to press. The fate is sealed of all being of sound mind and sane body.

— K —

Congratulations, Early! Isn't it just fine that A. Co. won?

— K —

Bob, we were awfully sorry you got under the hose Tuesday night. Did you get cold Wednesday without that hot sweater?

— K —

Charlie Houk doesn't stop at

publicly holding a little girl's hand but feels that he must rub it in by bringing her to the show that was here Tuesday night.

— K —

Judie, we also feel that it should be brought to your attention that Bill was among those present Tuesday night.

— K —

Before the state legislature passed that anti-evolution bill we think that they would have done well to take a look around this institution.

— K —

Mary, it would improve your French grades quite a bit if you would stay home and study instead of running around with— (We don't want to tell on you.

— K —

It has been unanimously decided upon that the new members of the B. & W. staff shall give the staff room a good cleaning. All report this afternoon to wash the windows and beat the rug.

— K —

We would suggest that Catherine Cooper be forced to stay in study hall the third period as—er—ah—let her tell you.

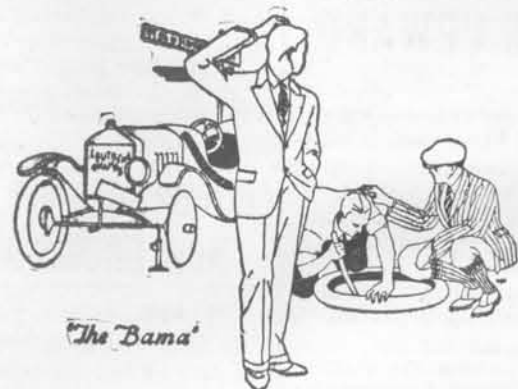

— K —

Buck and his girl (not Emily by the way) were both out of Sixth period the other day. You should be more careful my dear children.

— K —

STAFF MEMBERS NOTE! Mr. H. has purchased a can of paint and varnish remover which is guaranteed not to injure the flesh or discolor the wood.

# SPORT BRIEFS

By HENRY TITTSWORTH

Jefferson City High is here today for the first baseball game of the season. Tomorrow we have Clinton to furnish the opposition.

Dexter Green who has reigned for the last two years in the mile is finding stiff opposition in Oscar Beaver.

The weights are only drawback K. H. S. has to a championship track team this year. The javelin is being tossed about 135 feet but the loss of Dempsey will surely hurt discuss and shot.

When New York and Brooklyn play here April 6 there will be no practice as there is danger that they may carry off some of our stars and leave Babe Ruth, Zach Wheat and other mediocre players.

Student managers are to be selected this year for the first time in the history of the school. Harry Ludlow has already gotten the job for football next year and is helping with baseball and track until one is elected.

Frank Long looks as good as ever in the 440 and half mile. This is his last year in school so he is trying to establish records that will stand for some time to come.

Andes, Green and Long are left from last years state championship relay team, making the shoes of Robertson the only ones left to fill.

K. H. S. is fortunate in having Sheeny White on its team as his performance at short has drawn the attention of quite a few

of the teams in organized baseball. However Sheeny will complete his education before signing a contract.

The annual R. O. T. C. track and field meet is looming up in the near future, so all candidates should get in shape. This meet each year furnishes the men who make up the regular track team.

Tonkin looks good in the hundred and 220 for the R. O. T. C. meet and he might find a place on the half mile relay team.

Baseball usually receives the least support of any school athletics. Lets all try to bring up the standard and make it self supporting.

The racquet wielders will soon get busy now for the annual clean-up. "Bones" Barrier, captain of last years team is the only veteran left. Maryville College was the only school with which a match was held last season and they were taken into camp easily.

Russell Gibbs, out for track for the first time is doing five feet six inches in the high jump. The pole vault is going above nine feet.

Last Saturday the alumni showed that they had not forgotten quite all the baseball they knew but just the same they were taken into camp. "Youth will be served."

Madisonville High will furnish the first opposition for the track team this year when they come to Caswell Park on April 3rd.

When twenty or thirty boys get out in the hot sun to work and sweat every afternoon it is not for personal glory but for you. You are the ones who reap the benefits so the least that you can do is to get out and support them. See all the games.

## TROJANS WIN FIRST BATTLE

Defeat Alumni in Extra Inning Tilt 8 to 7; Ferrel Mound Star.

The Fighting Trojans turned in a nice victory for the Blue and White supporters by defeating the Alumni in a 9th inning rally 8 to 7.

Coach Bender used a lot of players, both in the infield, outfield and in the box, or the score would have been a larger one. In all 20 players were used. The old men looked good, and many new men showed class. Bill Ferrel looms up as a real classy pitcher, and Jackson, a hard hitting outfielder, who broke up the game in the 9th inning with a homer, will no doubt fight his way to a position on the team.

Jefferson City and Clinton These two teams play here this week and both are coming with first class teams and expect to give the Trojans a real scrap. Jefferson City will play on Friday at 3:15 p. m. and Clinton will play Saturday at 3 p. m.

Bald-headed Guest: "Well, sonny, what is it that amuses you?"

Boy: "Nothing, only Mother has just put a brush and comb in your room."

## CLASSY WORK IN FIRST TRY-OUTS

Coach Long Pleased With Track Prospects; Andes and Buchanan Loom Bright.

Coach Joe Long is more than pleased with some of the men in their try-outs last Saturday at Caswell. Ivan Andes was doing some real classy work in the broad jump, making over 20 feet, and Capt. Dave Buchanan was going great in the high jump. Many of the new men are looking good and Beaver and Dexter Greene are showing some class in their runs. All in all, the track men are working hard and some records are bound to fall this year.

## Pupils to Manage All Future Sports

All students who are interested in trying out for managers for baseball and track are asked to report to Coach Bender. The managers will be picked on the basis of the work done and the ability displayed. The Coach wants a manager, first assistant and second assistant for each sport. The plan being to work the assistants into the managerial position the following year.

The boy was very bashful and the best was trying to put him at ease. "Does your mother have much poultry this year?" he asked the boy.

"Why," was the reply, "she planted quite a bit but the chickens ate it up!"

## LITERARY WORK TRENDS UPWARD

Opinion of Mr. Crabtree Based on Facts that More Schools Enter Contests.

"Literary work in the various schools of the country is on an upward trend," according to Mr. Crabtree's opinion based on the fact that schools from Ohio and other places are writing the various schools in other parts of the country to find out what they are doing in the way of literary work. Seven times as many schools are entered in the interscholastic literary league's contest than were entered last year. The finals will be held at the University of Tennessee on May 1 this year. The teams will be graded on five points: debating, extemporaneous public speaking, original oratory, humorous and dramatic reading.

Mr. Crabtree, who is coaching the teams from K. H. S., stated that the following names will probably be entered in the contest: debating, Warren Kennerly and Thomas Crawley on the negative team with Amelia Corkland and Early Miller as the representatives of the affirmative team. In extemporaneous speaking: Bergie

Fische, Marian Spears and Hal Clements, Jr. In humorous reading: Rebecca Cole; in dramatic reading: Lela Hale and Margaret Thornton; in original oratory: Dexter Kelly and Kyle Moore. This is, of course, only a tentative list and is subject to change.

This afternoon a debate will be held on the subject to be used in the contest: Resolved that: "The Philippines should be granted their immediate independence." This is to determine who is to be the alternates on the team representing the school at the "hill". On the affirmative side will be Kyle Moore and Thurber Wolfe while the negative will be upheld by Warren Kennerly and Hal Clements.

"The legislation passed an act that they weren't allowed to teach no more science," according to a pupil.

## BELL RINGERS PLAY THURSDAY

(Continued from Page 1)

for students. The matinee program will last only one hour and the evening one and one-half hours.

The added attraction will be the Swiss Hand Bells. The majority of people, especially the High School students, have never heard the hand bells.

The following instruments will be played: xylophone, piano, violin, piano accordion, cello.

This program subject to change without notice.

—K—  
"What's the matter with you? Can't you read that sign 'No Smoking Allowed'?"

"Faith, an' I'm not smoking."  
"Well, what are you doing? You have a pipe in your mouth."  
"Begorra, an' I have me two feet in me boots, but I'm not walking."

## REALITY MORE THAN HALF OF JOURNALISM

(Continued from Page 1)

and articles they sulked about their work just as if they had no energy left in them for anything. In writing stories and preparing copy they put no "pep" in it and naturally got little out of it. In other words they got no enjoyment out of writing news stories because they did not have the "reality stimulus." Consequently their stories were not realistic—they could think of nothing new to add to their stories.

Permanent beats were assigned as nearly according to choice as possible; a so-called point system was installed whereby the record of all stories handed in and a certain number of points counted for each story, a kind of contest. This helped greatly to stimulate interest. As a result of his five-year experiment he admits it to be, may be summed up in three points as follows:

(1) Interest and discipline are correlative aspects of activity having an aim. (2) To organize education so that natural interest tendencies shall be fully enlisted in doing something while seeing to it that the doing requires observation, acquisition of information, use of constructive imagination is what most needs to be done to improve social conditions. (3) A reorganization of education so that learning takes place in connection with the intelligent carrying forward of purposeful activities is a slow work. It can only be accomplished piecemeal, a step at a time. But this is not a reason for nominally accepting one educational philosophy and accomodating ourselves in practice to another. It is a challenge to undertake the task of reorganization courageously and to keep at it constantly.

### To Flunk or Not to Flunk is Question

Hamlet's ghost instead of his father's seemed to pervade the halls of K. H. S. for the past few weeks. For English teachers were giving tests to the Juniors on Hamlet's soliloquy and the main question was "To flunk or not to flunk." With most of the students. Several were heard to declare that they wished that Hamlet had never been.

## LATIN PROGRAM IS PRESENTED BY PUPILS

(Continued from Page 1)

Ijams. A Roman Geography lesson, with Burnett Conway as teacher, was given. The pupils were Charles Knox, Martin Allison, Rudolph Adams, Ruth Wallace, Georgia Proffitt, Josephine Ijams, George Coffey, Ben Barbee, Clyde Bowles, and Eugene Allison.

Last and most enjoyed was a Latin crossword puzzle made by Burnett Conway.

It is planned to have these programs enjoyed every other Friday and all are cordially invited to attend. Josephine Ijams and Robert Brandon will be in charge of the next program on April 3. Miss

Galbreath's class has a large membership in the Latin Club, twelve having joined.

On the Latin honor roll of the 1-B class, that is those who made A or B are: Arpie Spencer, Robert Brandon, Burnett Conway, Clyde Bowles, Josephine Ijams, and Darrell Bell.
